Basic Sailing Skills Sven Donaldson, 2018 Basic Sailing Skills is a perfect manual to help anyone starting out in learning to sail. The original Basic Sailing Skills was written in 1974 by Don Giffin, an active instructor, Albacore racing competitor, and dedicated volunteer. Over the next seventeen years, it was used extensively by over 30,000 sailors as they were introduced to the jargon and theory of sailing. In 1990, the Learn to Sail Committee of the Canadian Yachting Association decided to have Basic Sailing Skills rewritten to reflect changes which had taken place with national sail training standards over time. Sven Donaldson, a Vancouver-based sailing writer, was commissioned by the Canadian Yachting Association to write this next version of Basic Sailing Skills. Sven has two other sailing books to his credit: A Sailor's Guide to Sails and the New Sail Theory, as well as many articles in Pacific Yachting Magazine, Sail, and Cruising World. In Basic Sailing Skills, Sven has simplified terminology so the reader gets a hands-on appreciation of the enjoyment of sailing. Cedric Burgers, formerly a CYA senior sailing instructor and University of British Columbia architecture student from Vancouver, drew the illustrations. The illustrations provide a level of detail rarely shown in other sailing instructional books. The sequence of drawings for the step progression of skills should make it easier for anyone learning to tack or gybe.

Sailing Fundamentals Gary Jobson, 2008-09-08 The official learn to sail manual of the American Sailing Association and the United States Coast Guard Auxiliary with over 150 line drawings and photographs. Written by America's foremost instructional authority, the new edition of Sailing Fundamentals combines the training programs of the American Sailing Association and the United States Coast Guard Auxiliary. The official learn to sail manual of the American Sailing Association, it is also used in the programs of many yacht clubs, colleges, and sailing groups. Unlike most introductory sailing books which reflect the biases and idiosyncrasies of their authors, Sailing Fundamentals has been extensively pretested by ASA professional instructors to ensure that it offers the fastest, easiest, most systematic way to learn basic sailing and basic coastal cruising. This book covers every aspect of beginning sailing, from hoisting sail to docking and anchoring, and specifically prepares the learner to qualify for sailing certification according to international standards. Widely acclaimed author Gary Jobson has won several major races, including the 1977 America's Cup victory as tactician aboard Courageous. He was head sailing coach at the US Naval Academy and has conducted sailing clinics across the country.
