Basic Discipleship:

Basic Discipleship 101 Ron Hordyk, 2018-04-10 For we are God's fellow workers you are God's field God's building By the grace God has given me I laid a foundation as an expert builder and someone else is building on it But each one should be careful how he builds 1 Corinthians 3:9-10 When someone starts to build a house he first lays the foundation on which the rest of the house will be built If the foundation is not built correctly the rest of the building will be compromised affecting not only its immediate use but also its longevity The previous scripture states that the church must also lay a good foundation in new believers The Bible contains specific teachings that form the foundation of the Christian faith To overlook even one of these teachings will affect how we perceive the rest of the Christian faith An obvious example is to teach judgment without mercy a teaching which causes the church to be legalistic However to teach mercy without judgment causes the church to give license to sin Both teachings are essential for the one teaching balances the other When a person accepts Jesus as his Savior and Lord most churches place the person in their ongoing programs with the hope that he will grow However a new believer does not share the foundational truths that mature Christians have The minister may make statements which out of context will appear harsh but are not harsh when placed in the context of other accepted teachings For this reason the church must give new believers a foundation which will allow for a balance in regard to the teachings to which they will be exposed Basic Discipleship 101 is written to give new born believers the foundation on which they can build their Christian faith In this collection of studies we will examine what it means to become a Christian identify the principle players in salvation and examine the elementary truths on which the sermons they will be exposed to will be built upon Welcome to Basic Discipleship 101
