Edited by F. B. Busoni

English version by

Try 2 measures at a time  
many times

Johann Sebastian Bach

Allegro

With animation and decision

1

(1) That a  $\sharp$  preceded the C on the second eighth-note of the measure is almost invariably forgotten by the pupil. Experience has dictated the advisability of repeating the  $\sharp$  before the second C $\sharp$  to be played.

 The recordings made by Marc Andre Hamelin in recent years have cast new light on an extraordinary group of composers  
 Alkan Busoni Feinberg Godowsky Medtner Rachmaninov Scriabin and Sorabji whose works heralded a Golden Age of  
 virtuosic writing for the piano The Eight as author Robert Rimm has termed these composer pianists have much in common  
 traits shared in our own age with Marc Andre Hamelin their foremost interpreter For all their evident differences of age  
 nationality and philosophy they each created music of unprecedented ingenuity often complex and of immense scale that  
 stretched the limits of the piano s capabilities And all were genuine virtuosos with the technical resources to play these  
 demanding works in public The volume includes rare photographs and concludes with an extensive bibliography listings of  
 the complete solo piano works of The Eight and discographies of their solo piano recordings In exploring the art of those who  
 knew their instrument both as composers and as pianists this book serves in the words of pianist Stephen Hough both as a  
 fascinating exhaustive study of the riches of the past and as a stimulating inspiration for the future BOOK JACKET Title
