1940s And 50s The Power Of Propaganda:

20th Century Media, 1940s & 50s Steve Parker, 2002 This is a new series that charts the development of media from newspapers books and magazines right through the invention and popularisation of radio and television up to the electronic age of the internet and e mail The books highlight important turning points in the history of entertainment highlight the types of media commonly available to people across the 20th Century *1940's and 50's*, 2002 Timeline Rise of youth culture Rock and roll music plays on new youth market Power of television Advent of transistor radios Survival of newspapers and magazines World cinema The record industry Rise of television Cold War The Power of Art Caroline Campbell, 2024-01-02 An epic work of art history that will transform our understanding of the world by unlocking the human stories behind millennia of art Taking readers from ancient Babylon to contemporary Pyongyang the eminent curator Caroline Campbell explains art s power to illuminate our lives and inspires us to benefit from its transformative and regenerative power Unlike the majority of contemporary art history this book is about much more than the cult of artists personalities Instead each chapter is structured around a city at a particularly vibrant moment in its history describing what propelled its creativity and innovation The emotions and societies she evokes are highly recognizable revealing how great art resonates powerfully by transcending the boundaries of time The Political Economy of Media and Power Jeffery Klaehn, 2010 The Political Economy of Media and Power is a highly interdisciplinary and innovative edited collection bringing together a diverse range of chapters that address some of the most important issues of our times Contributors cut through media spectacle and make visible the intersections between mass media and the politics of power in the contemporary social world The book is intended to foster critical pedagogy chapters explore ways in which media connect with a broad range of topics and issues including globalization war and terrorism foreign affairs democracy governmental relations the cultural politics of militarization gender inequality and the sexist saturation of the public sphere media representations of women media spin and public relations within the broader context of corporate and ideological power The volume features notable contributors including a preface by Cees Hamelink an introduction by David Miller and William Dinan and chapters from Justin Lewis Robin Andersen Henry Giroux James Winter Robert Jensen Stuart Allan Richard Keeble Yasmin Jiwani David Berry Gerald Sussman and Andrew Mullen **Empire of Friends** Rachel Applebaum, 2019-04-15 The familiar story of Soviet power in Cold War Eastern Europe focuses on political repression and military force But in *Empire of Friends* Rachel Applebaum shows how the Soviet Union simultaneously promoted a policy of transnational friendship with its Eastern Bloc satellites to create a cohesive socialist world This friendship project resulted in a new type of imperial control based on cross border contacts between ordinary citizens In a new and fascinating story of cultural diplomacy interpersonal relations and the trade of consumer goods Applebaum tracks the rise and fall of the friendship project in Czechoslovakia as the country evolved after World War II from the Soviet Union s most loyal satellite to its most rebellious Throughout Eastern Europe the

friendship project shaped the most intimate aspects of people's lives influencing everything from what they wore to where they traveled to whom they married Applebaum argues that in Czechoslovakia socialist friendship was surprisingly durable capable of surviving the ravages of Stalinism and the Soviet invasion that crushed the 1968 Prague Spring Eventually the project became so successful that it undermined the very alliance it was designed to support as Soviets and Czechoslovaks got to know one another they discovered important cultural and political differences that contradicted propaganda about a cohesive socialist world Empire of Friends reveals that the sphere of everyday life was central to the construction of the transnational socialist system in Eastern Europe and ultimately its collapse

British Power and International Relations during the 1950s Michael J. Turner, 2009-10-08 This book examines Britain's role and influence in a pivotal decade The postwar international order was still taking shape in the 1950s Much was unsettled and in these circumstances Britain could realistically expect to remain and be treated as one of the Big Three world powers along with the United States and Soviet Union Some adjustments were required in British priorities and methods in view of changing pressures and needs at home and abroad but the continuing desire was to make Britain's position tenable in those parts of the world that were of special importance to British prestige power strategy prosperity and security This book elucidates the motives behind key decisions discusses their far reaching consequences explains why some options were taken and others rejected and places British policy making in the appropriate international context Designed primarily for undergraduate and beginning postgraduate students the book offers an up to date single volume treatment of major themes in British and international history historiographical synthesis and comment detailed narrative accessible easy to follow analysis and a clear evidence based point of view concerning the survival of British power in challenging times

From Whitney to Chomsky John Earl Joseph, 2002-01-01 What is American about American linguistics Is Jakobson who spent half his life in America part of it What became of Whitney's genuinely American conception of language as a democracy And how did developments in 20th century American linguistics relate to broader cultural trends This book brings together 15 years of research by John E Joseph including his discovery of the meeting between Whitney and Saussure his ground breaking work on the origins of the Sapir-Whorf Hypothesis and of American sociolinguistics and his seminal examination of Bloomfield and Chomsky as readers of Saussure Among the original findings and arguments contained herein

why American structuralism does not end with Chomsky but begins with him how Bloomfield managed to read Saussure as a behaviourist avant la lettre why in the long run Skinner has emerged victorious over Chomsky how Whorf was directly influenced by the mystical writings of Madame Blavatsky how the Whitney Max Miller debates in the 19th century connect to the intellectual disparity between Chomsky's linguistic and political writings

Chinese Modern Design Thinking Cao Xiao'ou, 2024-10-29 This book studies the development of modern and contemporary design art in China since 1978 Starting with the design enlightenment and closely following the evolution of the visual and material forms in three levels of individual group and country since the reform and opening up the book comprehensively and meticulously describes and analyzes the social particularity of the changes of Chinese design art in this period and makes corresponding evaluations on its success and failure The author believes that Chinese modern design thinking has arisen from the problems displayed in the phenomena and events of Chinese modern design Therefore with nine chapters organized in chronological order and unfolded layer by layer by focusing on the relevant topics of design thinking the book has sorted out the academic contentions important events phenomena details of Chinese design in this period by placing design in the background of great history and has searched discovered and summarized the key problems of Chinese design in each stage and analyzed the causes and consequences and has specially studied on the gains and losses of important phenomena and theoretical problems and correspondingly made theoretical comments Therefore it is a book comprehensively presenting the overall look of the development of Chinese modern design thinking history This book has a grand structure and detailed content The author and her research objects always coexist in the same context and the writing style is fresh the argument is reasonable and the pictures and texts complement each other so the book has both academic depth and readability

Religion and Power in Europe Joaquim Carvalho, 2007

The Power of Culture Priscilla Roberts, 2016-01-14 China and the United States two massive economic and military powers cannot avoid engaging with each other Enjoying what is often termed the most important bilateral relationship in the world the two sometimes cooperate but often compete as their interests come into conflict Both countries are separated not just by the Pacific Ocean but also by their very different histories experiences societies customs and outlooks Non governmental unofficial relationships and exchanges are often as important as formal dealings in determining the climate of Sino American relations For several decades in the mid twentieth century Chinese and Americans were virtually isolated from each other trapped in icy hostility Chinese scholars are now making up for lost time This assortment of essays most by mainland Chinese academics and students focuses upon the role of culture very broadly defined in Sino American affairs Taking a holistic approach in this collection over thirty authors focus on such topics as the influence of ideology the impact of geopolitics the use of rhetoric soft power educational encounters and exchanges immigration gender race identity literature television movies music and the press Cultural factors are as the authors demonstrate enormously significant in affecting how Chinese and Americans think about and approach each other both as

individuals and at the state level **Congressional Record** United States. Congress,1969 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *Stalin's Wars* Geoffrey Roberts,2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin s leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin s brutalities and their impact on the Soviet people Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace **Power** Olivier Dupont,2019-04-30 A polymorphous concept power has imposed itself since ancient times Whether it characterizes the phenomena of domination exclusion or voluntary submission it illuminates social relations and since the 20th Century interpersonal relations This book offers first of all a daring panorama through its intertwining of different theoretical propositions relating to power across time and across disciplines It then presents the work of researchers in information and communication sciences who draw from these proposals the materials allowing them to develop their own analyses These analyses revisit discursive power with respect to contemporary formations of communication and information They investigate digital technologies by problematizing the phenomena of influence control and access to knowledge Finally they reflect on the media in the light of inherent powers of social mediation advertising and journalism The Classical Hollywood Reader Steve Neale,2012-11-12 The Classical Hollywood Reader brings together essential readings to provide a history of Hollywood from the 1910s to the mid 1960s Following on from a Prologue that discusses the aesthetic characteristics of Classical Hollywood films Part 1 covers the period between the 1910s and the mid to late 1920s It deals with the advent of feature length films in the US and the growing national and international dominance of the companies responsible for their production distribution and exhibition In doing so it also deals with film making practices aspects of style the changing roles played by women in an increasingly business oriented environment and the different audiences in the US for which Hollywood sought to cater Part 2 covers the

period between the coming of sound in the mid 1920s and the beginnings of the demise of the studio system in late 1940s In doing so it deals with the impact of sound on films and film production in the US and Europe the subsequent impact of the Depression and World War II on the industry and its audiences the growth of unions and the roles played by production managers and film stars at the height of the studio era Part 3 deals with aspects of style censorship technology and film production It includes articles on the Production Code music and sound cinematography and the often neglected topic of animation Part 4 covers the period between 1946 and 1966 It deals with the demise of the studio system and the advent of independent production In an era of demographic and social change it looks at the growth of drive in theatres the impact of television the advent of new technologies the increasing importance of international markets the Hollywood blacklist the rise in art house imports and in overseas production and the eventual demise of the Production Code Designed especially for courses on Hollywood Cinema the Reader includes a number of newly researched and written chapters and a series of introductions to each of its parts It concludes with an epilogue a list of resources for further research and an extensive bibliography

Power Transition in the Anarchical Society Tonny Brems Knudsen, Cornelia Navari, 2022-07-09 This book examines the ongoing power transition and its ramifications for world order from an international society perspective In that perspective the outcome of big changes in the distribution of power is a matter of socialization rather than structural determination or the resilience of the so called Liberal world order Consequently the key question of this book is how the ongoing power transition affects and is affected by the social institutions of world order including sovereignty the balance of power international law diplomacy trade humanitarian intervention national self determination and environmental stewardship The guiding theoretical assumption of the book is that power transition stimulates fundamental institutional change rather than major conflict or a breakdown of international order while international organizations are key arenas for the realization and negotiation of such changes not the victims of hegemonic retreat The argument is pursued in sections on rising and declining powers Anglo America Russia China and the EU among others consequences for the fundamental social institutions and changes in international organizations globally and regionally In combination the chapters reveal the contours of the coming world order

Myths of Demilitarization in Postrevolutionary Mexico, 1920-1960 Thomas Rath, 2013-04-22 At the end of the Mexican Revolution in 1920 Mexico's large rebellious army dominated national politics By the 1940s Mexico's Institutional Revolutionary Party PRI was led by a civilian president and claimed to have depoliticized the army and achieved the bloodless pacification of the Mexican countryside through land reform schooling and indigenismo However historian Thomas Rath argues Mexico's celebrated demilitarization was more protracted conflict ridden and incomplete than most accounts assume Civilian governments deployed troops as a police force often aimed at political suppression while officers meddled in provincial politics engaged in corruption and crafted official history all against a backdrop of sustained popular protest and debate Using newly available materials from military intelligence and diplomatic

archives Rath weaves together an analysis of national and regional politics military education conscription veteran policy and popular protest In doing so he challenges dominant interpretations of successful top down demilitarization and questions the image of the post 1940 PRI regime as strong stable and legitimate Rath also shows how the army s suppression of students and guerrillas in the 1960s and 1970s and the more recent militarization of policing have long roots in Mexican history

Power and the People Eleonore C. M. Breuning, Dr. Jill Lewis, Gareth Pritchard, 2005 This book covers various aspects of the social history of politics on both sides of the Iron Curtain in the period 1945 to 1956 The contributors come from a range of countries Austria Germany Hungary Slovakia and the United Kingdom and comprise a mixture of established historians and younger scholars engaged in pioneering research The individual chapters are organised into four sections dealing with workers ethnic and linguistic minorities youth and women In order to enhance the comparative character of the volume the four chapters contained in each section consider the position of these social groups in respectively West Germany East Germany Austria and either Czechoslovakia or Hungary Major themes include the absence of popular revolutions in the aftermath of World War Two the re imposition of social control by post war elites the attempt to restore pre war gender relations and the failure of Communist parties to win popular support The chosen time frame saw most of the decisive developments which set the pattern for the remaining Cold War period and is therefore of key importance for any student of this topic From Bandwagon to Balance-of-Power Politics Avery Goldstein, 1991 A Stanford University Press classic
