**The Blue Revolution** Nicholas Sullivan,2022-04-19 Overfishing For the world s oceans it s long been a worrisome problem with few answers Many of the global fish stocks are at a dangerous tipping point some spiraling toward extinction But as older fishing fleets retire and new technologies develop a better more sustainable way to farm this popular protein has emerged to profoundly shift the balance The Blue Revolution tells the story of the recent transformation of commercial fishing an encouraging change from maximizing volume through unrestrained wild hunting to maximizing value through controlled harvesting and farming Entrepreneurs applying newer

smarter technologies are modernizing fisheries in unprecedented ways In many parts of the world the seafood on our plates is increasingly the product of smart decisions about ecosystems waste efficiency transparency and quality Nicholas P Sullivan presents this new way of thinking about fish food and oceans by profiling the people and policies transforming an aging industry into one that is post industrial fueled by sea foodies and locavores interested in sustainable traceable quality seafood Catch quotas can work when local fishers feel they have a stake in the outcome shellfish farming requires zero inputs and restores nearshore ecosystems new markets are developing for kelp products as well as unloved and underutilized fish species Sullivan shows how the practices of thirty years ago that perpetuated an overfishing crisis are rapidly changing In the book s final chapters Sullivan discusses the global challenges to preserving healthy oceans including conservation mechanisms the impact of climate change and unregulated and criminal fishing in international waters In a fast growing world where more people are eating more fish than ever before The Blue Revolution brings encouraging news for conservationists and seafood lovers about the transformation of an industry historically averse to change and it presents fresh inspiration for entrepreneurs and investors eager for new opportunities in a blue green economy
