

Alfred's Basic Piano Library

THE 4 COURSES OF ALFRED'S BASIC PIANO LIBRARY

WHAT THEY ARE • HOW TO USE THEM • SUPPLEMENTARY BOOKS

A Piano Course for Beginners of All Ages

Because *Alfred's Basic Piano Library* is a course for beginners of all ages, it offers teachers 4 complete beginning piano methods that use the same interval approach and theory sequence - but are graded differently. The illustrations, cover designs and course names are also unique.

- **Young Beginners**

Alfred's Basic Prep Course (Levels A, B, C, D, E, F)

- **Beginners**

Alfred's Basic Piano Course (Levels 1A, 1B, 2, 3, 4, 5, 6)

Alfred's Basic All-in-One Course (Books 1, 2, 3, 4, 5)

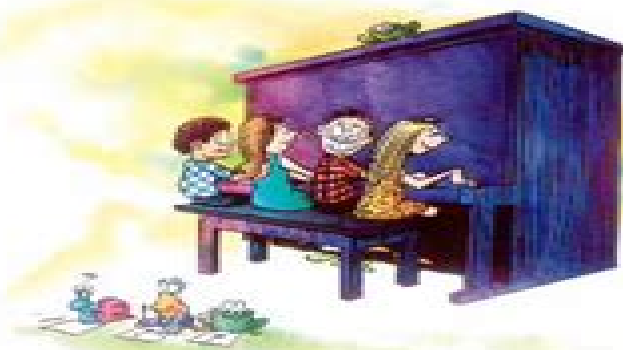

- **Later Beginners**

Alfred's Basic Complete (Level 1, Level 2/3)

Because each course stands on its own, the teacher is able to design a personalized curriculum for each student. No longer does one method have to fit every beginner. This is especially helpful when there are two students within one family.

And a truly unique feature not available in any other piano method is that at the discretion of the teacher, students may switch from one of *Alfred's Basic Piano Library* courses to another in order to match the student's rate of progress with the appropriately graded course.

All courses ultimately lead into the main *Alfred's Basic Piano Course*. On the completion of that course, the student is ready to begin playing the great piano masterpieces.

What They Are

The 4 Basic courses—**Prep, Basic, All-in-One, Complete**—are all based on the same fundamentals. They are easy, step-by-step methods that emphasize correct playing habits and note reading through interval recognition. At the same time, they give students a solid foundation in music theory.

And finally, even though key signatures are not introduced in the first book, the student plays in 7 keys. From the very first lesson, entertaining pieces are included along with clever lyrics that help the student not only play intervals of 2nds, 3rds, 4ths and 5ths, but also to understand them as well.

Supplementary Instruction and Performance Books

Almost every student requires additional practice in performance skills that can't be fulfilled by a single Lesson Book. With the exception of the *All-in-One Course*, each of the courses have optional theory, technic and solo books to supplement the Lesson Books.

In addition to these core publications, *Alfred* also offers *supplementary instructional* publications in note-reading, sight reading, and ear training. Finally, there are *supplementary performance* publications that include popular music, Christmas music, repertoire music, hymns, praise hits, duets, and more. Every supplementary book has in the upper corner of the page, the Lesson Book page number where the music should be introduced.

Alfred's Basic Piano Library has more supplementary publications than any other piano method. What it does is empower the teacher to design an individual course of study that fills the needs and wishes of every student.
