Pykett,2003-12-08 The women s sensation novel of the 1860s and the New Woman fiction of the 1890s were two major examples of a perceived feminine invasion of fiction which caused a critical furore in their day Both genres with their shocking fast heroines fired the popular imagination by putting female sexuality on the literary agenda and undermining the proper feminine ideal to which nineteenth century women and fictional heroines were supposed to aspire By exploring in impressive depth and breadth the material and discursive conditions in which these novels were produced The Improper Feminine draws attention to key gendered interrelationships within the literary and wider cultures of the mid Victorian and fin de di cle periods Reading East Asian Writing Michel Hockx,Ivo Smits,2014-02-05 This book presents contributions by

thirteen scholars of Chinese and Japanese literature whose work is characterised by a strong interest in literary theory They focus in particular on the various new theories that have emerged during the past two decades uprooting traditional forms of understanding literary texts their function their readership and their interpretation Often confined to discussion of a specific country or area these theories have been criticised for their Western bias This collection breaks through these barriers providing an opportunity for scholars of two closely related yet often independently studied cultures to present and compare their views on specific theories of literature to discuss the advantages and shortcomings of those theories and to consider specific difficulties related to the East West dimension Reader's Guide to the History of Science Arne

Prem Lata Sharma,2006 **Emergence of Irish Gothic Fiction** Jarlath Killeen,2013-12-11 Provides a new account of the emergence of Irish gothic fiction in mid eighteenth century This book provides a robustly theorised and thoroughly historicised account of the beginnings of Irish gothic fiction maps the theoretical terrain covered by other critics and puts forward a new history of the emergence of the genre in Ireland The main argument the book makes is that the Irish gothic should be read in the context of the split in Irish Anglican public opinion that opened in the 1750s and seen as a fictional instrument of liberal Anglican opinion in a changing political landscape By providing a fully historicized account of the beginnings of the genre in Ireland the book also addresses the theoretical controversies that have bedevilled discussion of the Irish gothic in the 1980s 1990s and 2000s The book gives ample space to the critical debate and rigorously defends a reading of the Irish gothic as an Anglican Patriot tradition This reading demonstrates the connections between little known Irish gothic fictions of the mid eighteenth century *The Adventures of Miss Sophia Berkley and Longsword* and the Irish gothic tradition more generally and also the gothic as a genre of global significance *Alienation and Resistance* Laura Findlay,Gordon Spark,2020-05-22 This collection draws together recent work by new and emerging scholars which examines the representation of alienation and resistance in texts and images both modern and traditional The essays collected here incorporate both high and low culture covering a wide range of disciplines from traditional literary sources to the more modern mediums of film and comic Informing each of the contributions is one overriding question what are the roles forms and conditions of alienation and resistance in our culture and its diverse media The contributors to this collection find examples of both alienation and resistance everywhere from sixteenth century drama to contemporary fiction from American comics to Eastern European cinema from representations of the body to the site of the body itself In seeking out these representations of alienation and resistance the essays begin also to probe the limits and limitations of such terms As such the collection as a whole offers both a broad overview of the field of play as it stands today and makes tentative suggestions as to potential paths of future inquiry Premodern Rulers and Postmodern Viewers Janice North,Karl C. Alvestad,Elena Woodacre,2018-02-01 Pop culture portrayals of medieval and early modern monarchs are rife with tension between authenticity and modern mores producing anachronisms such as a feminist Queen Isabel in RTVE's Isabel and a lesbian

Queen Christina in *The Girl King* This book examines these anachronisms as a dialogue between premodern and postmodern ideas about gender and sexuality raising questions of intertemporality the interpretation of history and the dangers of presentism Covering a range of famous and lesser known European monarchs on screen from Elizabeth I to Muhammad XII of Granada this book addresses how the lives of powerful women and men have been mythologized in order to appeal to today's audiences The contributors interrogate exactly what is at stake in these portrayals namely our understanding of premodern rulers the gender and sexual ideologies they navigated and those that we navigate today

Feminist Dialogics
Dale M. Bauer, 1988-01-01 *Feminist Dialogics* examines the structure of four novels Hawthorne's *The Blithedale Romance* James's *The Golden Bowl* Wharton's *The House of Mirth* and Chopin's *The Awakening* through the lens of Mikhail Bakhtin's critical framework The author draws on Bakhtin's notion of heteroglossia to show how the interaction of many voices forms the social community of the novel and how the functioning of these voices makes clear statements about the position and fate of women in these specific societies The novels present dialogic situations in which the women misinterpret their social texts and therefore fail to understand their own social power The four works considered in this study represent the struggle for women's construction of self within a dialogic structure of many competing voices Bauer introduces and enters into dialogue with other theorists who are concerned with the social implications of reading and interpretation including Rene Girard Wolfgang Iser Sandra Gilbert and Susan Gubar as well as other American feminists The recurring theme in the novels of this study is the exclusion and rivalry of discourse the competition among characters for authoritative and interpretive power Each voice in the novel is a thematization of an ideological perspective and as such competes for domination The conspiracy of voices to exclude the female reflects the social reality as well This work is an important contribution to literary criticism and feminist theory

Between Philosophy and Religion, Vol. I Brayton Polka, 2006-10-26 In *Between Philosophy and Religion* Volumes I and II Brayton Polka examines Spinoza's three major works on religion politics and ethics in order to show that his thought is at once biblical and modern Indeed Polka argues that Spinoza is biblical only insofar as he is understood to be one of the great philosophers of modernity and that he is modern only when it is understood that he is unique in making the interpretation of the Bible central to philosophy and philosophy central to the interpretation of the Bible This book and its companion volume are essential reading for any scholar of Spinoza
