Alive At Ninety Five Recollections Of A Nonagenarian:

Alive at Ninety-Five Sydney Kleeman, 2003-05-25 Dr William Plumley writes about Sydney M Kleeman's first book of poems these reflections are not exactly poems and not exactly meditations The same can be said of this second collection of poems in which Sydney Kleeman revisits the themes of the aging process social justice man's inhumanity to man and his hope for a more just world At times he writes profound commentary on man's egregious treatment of his fellow man urging his readers to raise their voices to make a difference Other poems such as A Rare Moment show the author's lighter more personal side as he meets his great granddaughter for the first time Finally these poems are the work of a wise nonagenarian imparting the wisdom gained through a life full of work travel and community service as he faces the inevitability of aging but never stops striving to make his voice heard

Meister, 2021-12-22 Canada is often considered a multicultural mosaic welcoming to immigrants and encouraging of cultural diversity Yet this reputation masks a more complex history In this groundbreaking study of the pre history of Canadian multiculturalism Daniel Meister shows how the philosophy of cultural pluralism normalized racism and the entrenchment of whiteness The Racial Mosaic demonstrates how early ideas about cultural diversity in Canada were founded upon and coexisted with settler colonialism and racism despite the apparent tolerance of a variety of immigrant peoples and their cultures To trace the development of these ideas Meister takes a biographical approach examining the lives and work of three influential public intellectuals whose thoughts on cultural pluralism circulated widely beginning in the 1920s Watson Kirkconnell a university professor and translator Robert England an immigration expert with Canadian National Railways and John Murray Gibbon a publicist for the Canadian Pacific Railway While they all proposed variants of the idea that immigrants to Canada should be allowed to retain certain aspects of their cultures their tolerance had very real limits In their personal corporate and government sponsored works only the cultures of white European immigrants were considered worthy of inclusion On the fiftieth anniversary of Canada's official policy of multiculturalism The Racial Mosaic represents the first serious and sustained attempt to detail the policy's historical antecedents compelling readers to consider how racism has structured Canada's settler colonial society *The London Review of Politics, Society, Literature, Art, & Science*, 1864 *Review of Reviews for Australasia* William Henry Fitchett, Henry Stead, William H.
