**Alternative Medicine - New Insights** Cengiz Mordeniz,2025-01-29 Modern medicine often treats individuals as standardized patients categorizing them by defined diseases and creating lifelong dependency on medications Side effects are managed by introducing additional medications creating a never ending cycle Patients are not cured but their symptoms are depressed as long as the drug is taken For example a simple headache is broken down into subgroups each explained by different causes and mechanisms However some patients suffer for years and their headaches are not eliminated The same approach is applied to other pain conditions as well as diseases like cancer rheumatism and others A new idea emphasizes revisiting traditional methods and products to inspire new trials To integrate these methods more scientific studies and reliable data are needed This book introduces innovative methods that combine traditional approaches with scientific insights offering a personalized and holistic perspective for natural healing

**Perspectives on Complementary and Alternative Medicines** Ian N. Olver, Monica Robotin,2011-02-28 Would you use complementary and alternative medicines CAMS Well research has shown that up to three quarters of patients with cancer may at least supplement their treatment with such therapies spending as much on CAMS as conventional drugs How do you decide This book provides a full range of perspectives on CAMS from patients and CAMS practitioners to conventional doctors who oppose the use of these alternative treatments because of the lack of evidence of efficacy and safety Then there are the CAMS researchers educators and regulators who view CAMS from different perspectives The broad array of opinions build a complete picture of the issues for discerning readers to be adequately informed to make up their minds and draw their own conclusions
