Alfred Stieglitz Talking HERBERT JACOB SELIGMAN, 1966

Alfred Stieglitz Phyllis Rose, 2019-04-16 A fascinating biography of a revolutionary American artist ripe for rediscovery as a photographer and champion of other artists Alfred Stieglitz 1864 1946 was an enormously influential artist and nurturer of artists even though his accomplishments are often overshadowed by his role as Georgia O'Keeffe's husband This new book from celebrated biographer Phyllis Rose reconsiders Stieglitz as a revolutionary force in the history of American art Born in New Jersey Stieglitz at age eighteen went to study in Germany where his father a wool merchant and painter insisted he would get a proper education After returning to America he became one of the first American photographers to achieve international fame By the time he was sixty he gave up photography and devoted himself to selling and promoting art His first gallery 291 was the first American gallery to show works by Picasso Rodin Matisse and other great European modernists His galleries were not dealerships so much as open universities where he introduced European modern art to Americans and nurtured an appreciation of American art among American artists The Steerage and Alfred Stieglitz Jason

Francisco, Elizabeth Anne McCauley, 2012-02-12 When in 1907 Alfred Stieglitz took a simple picture of passengers on a ship bound for Europe he could not have known that The Steerage as it was soon called would become a modernist icon and from today's vantage arguably the most famous photograph made by an American photographer In complementary essays a photo historian and a photographer reassess this important picture rediscovering the complex social and aesthetic ideas that informed it and explaining how over the years it has achieved its status as a masterpiece What aspects of Stieglitz's ideas and sometimes murky ambitions help us understand the picture's achievements How should we assess the photograph in relation to Stieglitz's many writings about it The authors of this book explore what The Steerage might mean in at least two senses by itself as a grand and self-sufficient work and also ineluctably bound up with the many stories told about it They make the photograph today what Stieglitz himself made it over the years a photo-text work **Cubism, Stieglitz, and the Early**

Poetry of William Carlos Williams Bram Dijkstra, 2020-07-21 Previous studies of William Carlos Williams have tended to look only for the literary echoes in his verse According to Bram Dijkstra the new movements in the visual arts during the 1920s affected Williams's work as much as if not more than the new writing of the period Dijkstra catches the excitement of this period of revolutionary art reveals the interactions between writers and painters and shows in particular the specific and general impact this world had on Williams's early writings **Shared Intelligence** Barbara Buhler Lynes, Jonathan

Weinberg, Georgia O'Keeffe Museum, 2011-03-09 Catalog of an exhibition opening at the Georgia O'Keeffe Museum on Feb 4 2011 and traveling to the Columbus Museum of Art and the Pennsylvania Academy of the Fine Arts Art and the Crisis of Marriage Vivien Green Fryd, 2003 Between the two world wars middle class America experienced a marriage crisis that filled the pages of the popular press Divorce rates were rising birthrates falling and women were entering the increasingly

industrialized and urbanized workforce in larger numbers than ever before while Victorian morals and manners began to break down in the wake of the first sexual revolution Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America's most familiar and beloved artists Georgia O'Keeffe 1887-1986 and Edward Hopper 1882-1967 Combining biographical study of their marriages with formal and iconographical analysis of their works Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings Hopper's many representations of Victorian homes in sunny tranquil landscapes for instance take on new meanings when viewed in the context of the artist's own tumultuous marriage with Jo and the widespread middle class fears that the new urban multidwelling homes would contribute to the breakdown of the family Fryd also persuasively interprets the many paintings of skulls and crosses that O'Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz's long term affair with Dorothy Norman **Art and the Crisis of Marriage** provides both a penetrating reappraisal of the interconnections between Georgia O'Keeffe's and Edward Hopper's lives and works as well as a vivid portrait of how new understandings of family gender and sexuality transformed American society between the wars in ways that continue to shape it today

Equal under the Sky Linda M. Grasso,2017-10-01 Equal under the Sky is the first historical study of Georgia O'Keeffe's complex involvement with and influence on US feminism from the 1910s to the 1970s Utilizing understudied sources such as fan letters archives of women's organizations transcripts of women's radio shows and programs from women's colleges Linda M Grasso shows how and why feminism and O'Keeffe are inextricably connected in popular culture and scholarship The women's movements that impacted the creation and reception of O'Keeffe's art Grasso argues explain why she is a national icon who is valued for more than her artistic practice

Marsden Hartley and the West Heather Hole,Georgia O'Keeffe Museum,2007-01-01 A revelatory look at Hartley's New Mexico landscapes and the darker side of postwar American modernism Considered to be among the greatest early American modernists the painter Marsden Hartley 1877-1943 traveled the United States and Europe in his search for a distinctive American aesthetic His stay in New Mexico resulted in an extraordinary series of landscape paintings created in New Mexico New York and Europe between 1918 and 1924 that show an evolution in style and thinking that is important for understanding both Hartley's oeuvre and American modernism in the postwar years Marsden Hartley and the West examines this pivotal stage of the painter's career drawing upon his writings and providing illustrations of rarely seen and previously unpublished works The author considers Hartley's involvement with the Stieglitz circle and its soil and spirit philosophy the Taos art colony New York Dada and the impact of historical events such as World War I Within this setting she analyzes the pastels and oil paintings that suggest Hartley's increasingly ambivalent response to the land Beginning with optimistic naturalistic views the New Mexico works grew progressively darker and more tumultuous increasingly reflecting a sense of loss brought on by war The paintings become a site where the landscapes of memory self and nation merge while reflecting broader modernist debates about American-ness and a usable past

Democratic Visions Celeste Connor,2001-01-23 This work provides an in-depth examination of the group of American artists known as the Steiglitz circle The book offers a synthetic critical discussion of these artists' work which illustrates the social political and economic contexts of the 1920s and 1930s

Caffin, a Voice for Modernism, 1897-1918** Sandra Lee Underwood, 1983 *The Love Lives of the Artists* Daniel Bullen, 2011-11-01 As the oldest of institutions marriage seems outdated in modern times when each individual is encouraged to break with tradition in order to fulfill him or herself And so artists like Diego Rivera and Frida Kahlo seem

to be paving the way toward a brave new kind of marriage where spouses would be allowed even encouraged to fulfill different aspects of themselves in outside relationships. Shared creativity they believed would transcend their jealousies and compensate their sufferings through art; they would rise above conventional marital fidelity and prove a higher fidelity to art and to themselves. *The Love Lives of the Artists* tells the stories of Rainer Maria Rilke and Lou Andreas Salom, Alfred Stieglitz and Georgia O'Keeffe, Jean Paul Sartre and Simone de Beauvoir, Diego and Frida, and Henry Miller and Anaïs Nin—five couples who approached their relationships with the same rebellious creativity as they practiced in their art. From their early artistic development and their first experiences in love to their artistic marriages and their affairs and then to their fights and reconciliations, addictions, nervous breakdowns, and continued creativity, *The Love Lives of the Artists* describes the promise and the price of freedom and creativity in love.
