midst of delightful gardens but surrounded by lofty walls being in fact the same palace known at the present day as the Generalife In this palace the youthful prince was shut up and entrusted to the care of Eben Bonabben one of the wisest and dryest of Arabian sages who had passed the greatest part of his life in Egypt studying hieroglyphics and making researches among the tombs and pyramids and who saw more charms in an Egyptian mummy than in a living beauty The prince grew up in the seclusion of the palace and its gardens under the vigilant care of Eben Bonabben who sought to instruct him in the abstruse lore of Egypt But in this he made little progress and it was soon evident that he had no turn for philosophy He was however amazingly ductile for a youthful prince ready to follow any advice and always guided by the last counsellor He suppressed his yawns and listened patiently to the long and learned discourse of Eben Bonabben from which he imbibed a smattering of various kinds of knowledge The Alhambra Washington Irving, 1915
