transformative inspiration as artist and cultural figure in the 1960s Hughes identifies Dylan's creativity with an essential imaginative dynamic as the singer perpetually departs from a former state of inexpression in pursuit of new as yet unknown powers of self renewal This motif of temporal self division is taken as corresponding to what Dylan later referred to as an artistic project of continual becoming and is explored in the book as a creative and ethical principle that underlies many facets of Dylan's appeal Accordingly the book combines close discussions of Dylan's mercurial art with related discussions of his humour voice photographs and self presentation as well as with the singularities of particular performances The result is a nuanced account of Dylan's creativity that allows us to understand more closely the nature of Dylan's art and its links with American culture *Bob Dylan* John Nogowski, 2022-08-15 When Columbia Records finally decided to open up the voluminous Bob Dylan vaults unleashing thousands of hours of long sought after oft rumored unreleased material it was hard
