power allowed her to become the first and only short story writer the first and only Canadian and just the thirteenth woman in history to win the Nobel Prize in Literature And exactly when during Munro s career did her artistry and power advance to ensure that she would earn such world wide renown The answers lie in studying the boldly innovative yet greatly under examined group of her four mid career breakthrough books Our volume therefore provides a carefully orchestrated analysis of Munro s subtle yet potent handling of form technique and style both within individual stories and across these special collections Reading Alice Munro s Breakthrough Books A Suite in Four Voices not only addresses a significant vacancy in Munro criticism and by extension in all short story criticism but equally importantly offers an exciting new model for how criticism can be collectively written

Ethics and Affects in the Fiction of Alice Munro Amelia DeFalco,Lorraine York,2018-09-03 Ethics and Affects in the Fiction of Alice Munro explores the representation of embodied ethics and affects in Alice Munro s writing The collection illustrates how Munro s short stories powerfully intersect with important theoretical trends in literary studies including affect studies ethical criticism age studies disability studies animal studies and posthumanism These essays offer us an Alice Munro who is not the kindly Canadian icon reinforcing small town verities who was celebrated and

perpetuated in acts of national pedagogy with her Nobel Prize win they ponder instead an edgier messier Munro whose fictions of affective and ethical perplexities disturb rather than comfort In Munro's fiction unruly embodiments and affects interfere with normative identity and humanist conventions of the human based on reason and rationality destabilizing prevailing gender and sexual politics ethical responsibilities and affective economies As these essays make clear Munro's fiction reminds us of the consequences of everyday affects and the extraordinary ordinariness of the ethical encounters we engage again and again
