Out of this World Lawrence Watt-Evans, 2017-02-23 Pel Brown has troubles in his basement But it s not water leaking in it s magic Sword carrying barbarians are spilling through demanding that Pel help them defeat Shadow a dark force taking over their world Meanwhile on the other side of town a spaceship has crashed in Amy Jewell s backyard and the aliens want Amy s help against the Shadow seeking to conquer their world When Pel and Amy go through the basement portal into the world of magic the Shadow attacks and traps them inside Now Pel and Amy find themselves entangled in escapades that will make them into heroes or corpses The World's Number One, Flat-Out, All-Time Great, Stock Car Racing Book Jerry

Bledsoe, 2019-02-01 On Labor Day weekend of 1972 journalist Jerry Bledsoe hooked up with the stock car racing circuit to begin research for his first book The result of his efforts first published in 1975 has been called the classic work on stock car racing Bledsoe captures the beginnings of the modern NASCAR era a time when legends like Richard Petty David Pearson Bobby Allison and the Wood brothers ruled It was also a time when independent drivers like Wendell Scott NASCAR s first African American driver and Larry Smith could build a car in their garages during the week and race on Sunday alongside King Richard With levels of access impossible to achieve today Bledsoe is not only in the pits and garages with the drivers but also is alongside their family driving to the next race in a van piled high with ice chests filled with sandwiches and fried chicken He digs into the sport s rough and rowdy history and shines a light into its nooks and crannies uncovering the forgotten role that women drivers played in creating this most macho of motorsports And then there are the fans There s Red Robinson the self proclaimed World s Number One Stock Car Racing Fan who collects racing beauty queens the way some people collect stamps And the fans camped out in the infield at Darlington the biggest wildest whoopingest holleringest drinkingest gamblingest carousingest knock down fall out blowout held in the South More than a book about racing this is a close up look at a cultural phenomenon that illuminates America and the South In 1965 Tom Wolfe called racer Junior Johnson the last American hero The World s Number One All Time Great Stock Car Racing Book shows that a decade later there were still plenty of heroes circling the track with no signs of them disappearing anytime soon **The Saints'**

Fifty World's Greatest Short Stories Various Author, 2021-07-20. Dating back to the early traditions of oral storytelling, the short story has evolved through the ages from myths, legends, fairy tales, fables, parables, stories in the Ramayana and Mahabharata, tales in the Panchatantra, the adventure tales of the Odyssey, biblical stories, the Norse sagas, and many others. As the oriental tale and Gothic novel gained popularity in the latter half of the eighteenth century, short story began developing in Britain. And by the beginning of nineteenth century, it had highly evolved as a form. This anthology is a compilation of some of the classic short stories of the eighteenth and early nineteenth century from around the world. Beginning with the realistic stories of Pushkin and Chekhov, it includes *The Necklace* by Guy de Maupassant, *Eve's Diary* by Mark Twain, *The Slapping Sal* by Arthur Conan Doyle, *The Fly* by Katherine Mansfield, *A Little Cloud* by James Joyce, *White Nights* by Fyodor Dostoevsky, *The Postmaster* by Rabindranath Tagore, and *The Gift of Magi* by O. Henry. Short stories are tiny windows into other worlds and other minds and other dreams. They are journeys you can make to the far side of the universe and still be back in time for dinner. Neil Gaiman: "What shall I write?" said Yegor, and he dipped his pen in the ink. Anton Chekhov: "At Christmas Time, there was a woman who was beautiful who started with all the advantages yet she had no luck." D. H. Lawrence: *The Rocking Horse Winner*.

Virtual America John Opie, 2008-01-01. Virtual America traces the complex relationship between Americans, technology, and their environment as it has unfolded over the past several centuries. Throughout history, Americans have constructed mental pictures of unique places such as the American West that have taken on more authority than the actual gritty landscapes. This disconnect from reality is magnified by the new world of virtual realities on the computer screen where personal immersion in interactive

simulations becomes the default environment Virtual America identifies the connections or lack thereof between our individual selves an American identity and the geography out there John Opie examines what he calls First Nature the natural world Second Nature metropolitan infrastructure built environment and Third Nature virtual reality in cyberspace He also explores how Americans have historically dreamed about a better life in daily ordinary existence and then fulfilled it through the Engineered America of our built environment the Consumer America of material well being and the Triumphant America of our conviction that we are the world s exceptional model But these dream worlds have also encouraged placelessness and thus indifference to our dwelling in home ground Finally Opie explores Last Nature a sense of place and argues that when we identify an authentic place we can locate authenticity of self a reification of place and self by their connectedness

The World's Greatest Books — Volume 06 — Fiction Unknown,2015-12-27 The World s Greatest Books Volume 06 An enterprise such as THE WORLD S GREATEST BOOKS is to be judged from two different standpoints It may be judged with respect to its specific achievement the material of which it consists or it may be judged with regard to its general utility in the scheme of literature to which it belongs In an age which is sometimes ironically called remarkable for its commercialism nothing has been more truly remarkable than the advancement in learning as well as in material progress and of all the instruments that have contributed to this end none has been more effective perhaps than the practical popularisation of literature In THE WORLD S GREATEST BOOKS an attempt has been made to effect a compendium of the world s best literature in a form that shall be at once accessible to every one and still faithful to its originals or in other words it has been sought to allow the original author to tell his own story over again in his own language but in the shortest possible space However we are aware that even THE WORLD S GREATEST BOOKS will not escape the criticism of a small class of people who will profess to object to this as to any kind of interference with an author s original in reply to which it can only be said that such objections are seldom if ever made in the true interests of learning or in a genuine spirit of inquiry and too often only proceed from a knowledge of books or love of them which goes no deeper than their title page The selections in THE WORLD S GREATEST BOOKS have been collected and are alphabetically arranged in ten different divisions namely Fiction Lives and Letters History Religion Philosophy Economics Science Poetry and Drama Travel and Adventure and Miscellaneous Literature An important additional feature of the work is the brief yet highly critical biographical and bibliographical note which accompanies every author and every selection throughout the twenty volumes To this must be also added the not less important Introductions and other explanations written by experts which often accompany the selections in the text cardinal examples of which will be found in particular in the section of Religion of this work in the articles dealing with such subjects as the Book of the Dead Brahmanism Confucianism the Koran Talmud etc
