

The Witch's alphabet also known as the Theben alphabet has been around for a very long time. Although it's difficult to pin point the exact age, it's thought to go back to the 14th century. As well as the name Theban, it's sometime known as the Honorian alphabet, both of these names are attributed to the same book, where the alphabet was first publicised; The Sworn Book of Honorius (Liber Juratus Honorii Latin), which was attributed to Honorius of Thebes who was "the son of Euclid, master of the Thebians". This book is one of the most influential surviving medieval grimoires to this day.

The alphabet bares many similarities to the Latin alphabet, with the exception of letters 'j' and 'u', these letters are represented by the letters for 'i' and 'v'. Today this alphabet is more akin to Wicca, but any witch can use it. To write the alphabet, follow from left to right in horizontal lines, ending the sentence with this symbol:
