That Option No Longer Exists John Medhurst, 2014-08-29 It is time to look afresh at the 1970s It was not a grey decade of decline defeat and power blackouts Bursting with cultural experimentation sexual liberation and industrial militancy the 1970s saw the ruling elites of Britain challenged at every level most especially by a Labour left led by Tony Benn which aimed to effect a fundamental and irreversible shift in the balance of wealth and power in favour of working people That Option No Longer Exists reveals a hidden history how Benn and the left tried to reform British industry to introduce democracy in the workplace and overturn the power of Finance and how Whitehall the security services and the City fought back paving the way for Thatcher to re establish the rule of money and the markets Britain almost took a different path in 1974 76 to that of massive wealth inequality the dominance of the City and the slow death of the welfare state This is the story of a struggle within government almost forgotten and of a tragic turning point in British history
