properly tasteful in the status conscious suburbs of the 1950s In *How to Reach Japan* by Subway Meghan Warner Mettler studies the shibui phenomenon in which middle class American consumers embraced Japanese culture while still exoticizing this new aesthetic By examining shibui through the popularity of samurai movies ikebana flower arrangement bonsai cultivation home and garden design and Zen Buddhism Mettler provides a new context and perspective for understanding how Americans encountered a foreign nation in their everyday lives *Flowering Trees* K.
