Gendered News Elizabeth Goodyear-Grant, 2013-09-06 In the last fifty years many of the institutional and societal barriers that kept Canadian women from public office have disappeared Today women are well educated and well connected and enjoy generally equal treatment from political parties and voters Why then do they hold only a quarter of the seats in the House of Commons a proportion that rose by just seven percentage points between 1993 and 2011 In this illuminating study Elizabeth Goodyear Grant examines a significant obstacle still facing women in political life gendered media coverage News stories are more likely to investigate the personal lives of female politicians or question their aptitude for public life implicitly suggesting that women in politics are marginal or even unwelcome Based on interviews with MPs and party leaders and an analysis of print and television media in the 2000 and 2006 federal elections *Gendered News* reveals an unsettling climate that affects the success of women in office and could deter them from running at all

Canadian Politics James

Bickerton, Alain-G. Gagnon, 2014-01-01 The sixth edition of Canadian Politics offers a comprehensive introduction to Canadian government and politics by a highly respected group of political scientists For this edition the editors have organized the book into six parts Part I examines Canadian citizenship and political identities while Parts II and III deal with Canadian political institutions including Aboriginal governments and contain new chapters on the public service and Quebec Parts IV and V shift the focus to the political process discussing issues pertaining to culture and values parties and elections media groups movements gender and diversity The chapters on Parliament bureaucracy political culture political communications social movements and media are new to this edition Finally three chapters in the last section of the book analyze components of Canadian politics that have been gaining prominence during the last decade the effects of globalization the shifting ground of Canadian American relations and the place of Canada in the changing world order Of the 21 chapters in this edition 9 are new and the remainder have been thoroughly revised and updated pub desc Electing a Diverse Canada Caroline

Andrew, John Biles, Myer Siemiatycki, Erin Tolley, 2009-07-01 Electing a Diverse Canada presents the most extensive analysis to date of the electoral representation of immigrants minorities and women in Canada Covering eleven cities as well as Canada's Parliament it breaks new ground by assessing the representation of diverse identity groups across multiple levels of government The book begins by introducing the literature on electoral representation and the main concepts and frameworks underlying research on immigrants women and minorities Using survey and census data its chapters provide snapshots of officials elected at municipal provincial and federal levels and compares these to portraits of the general population The volume concludes by reviewing key findings and discussing patterns of over and under representation in Canadian government Electoral representation is an important indicator of a democracy's health yet there is limited research on how well elected representatives reflect the characteristics of voters Electing a Diverse Canada provides a baseline for future research not only by assessing electoral representation but also by outlining key challenges impeding the future health of Canadian democracy **Politics in Manitoba** Christopher Adams, 2008-09-15 Politics in Manitoba is the first

comprehensive review of the Manitoba party system that combines history and contemporary public opinion data to reveal the political and voter trends that have shaped the province of Manitoba over the past 130 years The book details the histories of the Progressive Conservatives the Liberals and the New Democratic Party from 1870 to 2007 Adams looks in particular at the enduring influence of political geography and political culture as well as the impact of leadership campaign strategies organizational resources and the media on voter preferences Adams also presents here for the first time public opinion data based on more than 25 000 interviews with Manitobans conducted between 1999 and 2007 He analyzes voter age gender income education and geographic location to determine how Manitobans vote In the process Adams dispels some commonly held beliefs about party supporters and identifies recurring themes in voter behaviour **Politics in North**

America Yasmeen Abu-Laban, Radha Jhappan, Francois Rocher, 2007-09-01 It is no longer sufficient to examine discrete

nation states in isolation from each other In *Politics in North America Redefining Continental Relations* prominent authors from Canada the United States and Mexico explore the politics of redefining the institutional economic geographic and cultural boundaries of North America The contributors argue that the study of politics in the twenty first century requires simultaneous attention to all levels local national and international as well as increasingly to continents This argument is explored through the historical and contemporary social and political forces that have created competing visions of what it means to belong to a North American political community In this process new debates emerge in the book concerning the appropriate role for the state as well as the meaning of sovereignty democracy and rights **Legislatures** David C.

Docherty, 2011-11-01 *Legislatures and the men and women who serve in them form the very heart of Canadian democracy After all with the very rare exception of nationwide referendums Canadians speak collectively only when voting for the people who will be representing their interests in Ottawa The same is true provincially But how democratic are legislative assemblies in Canada After we elect our representatives are we comfortable that we are being properly and democratically represented Apparently not respect for legislatures and legislators in Canada has steadily declined and this perception is only aggravated by the current political climate Legislatures provides a democratic audit of Canada's provincial and national representative assemblies It argues that the problem existing in these bodies is not a lack of talent so much as a lack of institutional freedom Specifically the problem is largely one of resources and rules The move to a more multi party system nationally and the increasing tendency to downsize provincial assemblies has placed additional hurdles in the path to good governance Docherty uses the series criteria of responsiveness inclusiveness and participation to evaluate critically the performance of legislatures in Canada and makes recommendations for legislative reform in Canada A crucial and timely overview of legislatures this book will appeal to students and scholars of Canadian politics as well as politicians and policymakers and anyone interested in the current state of Canadian democracy **Code Politics** Jared J.*

Wesley, 2011-04-01 *Politics on the Canadian prairies are puzzling The provinces share common roots but they have nurtured three distinct political cultures Alberta is Canada's bastion of conservatism Saskatchewan its cradle of social democracy and Manitoba its progressive centre Jared Wesley explains this paradox by examining the rhetoric employed by dominant parties to renew their provinces political code freedom for Alberta security for Saskatchewan and moderation for Manitoba Although the content of their campaigns differed leaders from William Aberhart to Tommy Douglas to Gary Doer have employed distinct codes to ensure their parties success and shape their provinces political landscapes*
