Myths Legends Ghosts Mysteries of historic Kent Just like anyone else born in Kent we grew up being told stories of the villages where we lived Many were local legends like the ghostly highwayman of Oxney Bottom which spooked generations of children from the village As well the ghost stories there were fascinating legends like Grey Dolphin Did Robert de Shurland really kill his horse on the word of a local witch Was that church in Gravesend really visited by aliens If you ask the locals you will get ten different versions of the story With Kent being the eldest county in England it s reasonable to expect a few famous names and events to have links here yet Kent has an abundance of them Names and events that when you hear them for the first time leaves you thinking wow I didn t know that Did you know about Kent s own Bermuda Triangle what about the Kentish folk who saw battle at Trafalgar or at Rorkes Drift or even the Titanic passenger from Sittingbourne Throughout the generations these stories have been told and re told thousands of times and with each telling the story grows and adapts a little bit more The stories we have written in this book are the versions which we have come to know and love How historically accurate they are could be debated forever although the basic facts of many of the stories are 100% accurate as our research has found We leave you to decide fact or fiction myth or legend or a mixture of all four So join us on a journey across history and through the towns and villages immortalised in Kentish folklore and see how many times you say Wow I didn t know that Small Press Record of Books in Print Len Fulton, 1994 **On Some Ancient Battle-fields in**

Lancashire and Their Historical, Legendary, and Aesthetic Associations Charles Hardwick, 2024-04-05 Reprint of the original first published in 1882 Vikings Paul Cavill, 2001 The turn of the first millennium in Anglo Saxon England was a time of raiding and settlement This is the story of how the Church and the law worked together to turn back and tame the invaders bringing heart to their people **Viator: Medieval and Renaissance Studies, Volume 9 (1978)** The Center for Medieval and Renaissance Studies, 2023-11-15 **Studies in Greek Scenery, Legend and History** James George Frazer, 2017-11-20 It may be reckoned a peculiar piece of good fortune that among the wreckage of classical literature the Description of Greece by Pausanias should have come down to us entire In this work we possess a plain unvarnished account by an eye witness of the state of Greece in the second century of our era Of no other part of the ancient world has a description at once so minute and so trustworthy survived and if we had been free to single out one country in one age of which we should wish a record to be preserved our choice might well have fallen on Greece in the age of the Antonines No other people has exerted so deep and abiding an influence on the course of modern civilisation as the Greeks and never could

all the monuments of their chequered but glorious history have been studied so fully as in the second century of our era The great age of the nation indeed had long been over but in the sunshine of peace and imperial favour Greek art and literature had blossomed again New temples had sprung up new images had been carved new theatres and baths and aqueducts ministered to the amusement and luxury of the people Among the new writers whose works the world will not willingly let die it is enough to mention the great names of Plutarch and Lucian It was in this mellow autumn perhaps rather the Indian summer of the ancient world when the last gleanings of the Greek genius were being gathered in that Pausanias a contemporary of Hadrian of the Antonines and of Lucian wrote his description of Greece He came in time but just in time He was able to describe the stately buildings with which in his own lifetime Hadrian had embellished Greece and the hardly less splendid edifices which even while he wrote another munificent patron of art Herodes Atticus was rearing at some of the great centres of Greek life and religion Yet under all this brave show the decline had set in About a century earlier the emperor Nero in the speech in which he announced at Corinth the liberation of Greece lamented that it had not been given him to confer the boon in other and happier days when there would have been more people to profit by it Some years after this imperial utterance Plutarch declared that the world in general and Greece especially was depopulated by the civil brawls and wars the whole country he said could now hardly put three thousand infantry in the field the number that formerly Megara alone had sent to face the Persians at Plataea and in the daytime a solitary shepherd feeding his flock was the only human being to be met with on what had been the site of one of the most renowned oracles in Boeotia Dio Chrysostom tells us that in his time the greater part of the city of Thebes lay deserted and that only a single statue stood erect among the ruins of the ancient market place The same picturesque writer has sketched for us a provincial town of Euboea where most of the space within the walls was in pasture or rig and furrow where the gymnasium was a fruitful field in which the images of Hercules and the rest rose here and there above the waving corn and where sheep grazed peacefully about the public offices in the grass grown market place In one of his Dialogues of the Dead Lucian represents the soul of a rich man bitterly reproaching himself for his rashness in having dared to cross Cithaeron with only a couple of men servants for he had been set upon and murdered by robbers on the highway at the point where the grey ruins of Eleutherae still look down on the pass in the time of Lucian the district laid waste he tells us by the old wars seems to have been even more lonely and deserted than it is now Of this state of things Pausanias himself is our best witness To be continue in this ebook *The Athenaeum* ,1890 Forthcoming Books Rose Army,1993 *The Principles of Existence & Beyond* L.
