BECOMING A DOCTOR

"A gripping account of medical training in this country. In a genre that is at once
memoir and portrait, Melvin Konner portrays a fascinating gallery of experts and
learners—the colleagues and students. Reading this book, every doctor, resident, and
student in the country will realize how far students of recognition, hard patients will
pay no tribute of what has gone terribly wrong with the more subtle problems of
learning." —Richard Schickel
author of *Heartman*, *Home on the Sea of Cortez*,
and *Being the Boss as Joe DiMaggio*

"Becoming a doctor is a gripping account of the clinical experience in medical
training. Melvin Konner writes with a novelist's sensitivity to character, a scientist's
accuracy of medical facts, and an anthropologist's reflective detachment. The result
is an extraordinarily moving book, at once critical and self-critical, about the
complex knowledge of medical students—especially about how it shapes the
medical profession and contributes to the increasing dehumanization of medicine
and its rapidly worsening technical power." —Daniel J. Fox
author of *The Physician: The History of
a Noble Profession in Modern America*
