Between Earth and Empire John P. Clark,2019-07-01 Between Earth and Empire focuses on the crucial position of humanity at the present moment in Earth history We are now in the midst of the Necrocene an epoch of death and mass extinction Nearing the end of the long history of Empire and domination we are faced with the choice of either continuing the path of social and ecological disintegration or initiating a new era of social and ecological regeneration The book shows that

conventional approaches to global crisis on both the right and the left have succumbed to processes of denial and disavowal either rejecting the reality of crisis entirely or substituting ineffectual but comforting gestures and images for deep systemic social transformation It is argued that a large scale social and ecological regeneration must be rooted in communities of liberation and solidarity fostering personal and group transformation so that a culture of awakening and care can emerge Between Earth and Empire explores examples of significant progress in this direction including the Zapatista movement in Chiapas the Democratic Autonomy Movement in Rojava indigenous movements in defense of the commons the solidarity economy movement and efforts to create liberated base communities and affinity groups within anarchism and other radical social movements In the end the book presents a vision of hope for social and ecological regeneration through the rebirth of a libertarian and communitarian social imaginary and the flourishing of a free cooperative community globally and Yoga Klaus-Rupprecht Wasmuht, 2019-01-11 Ayurveda and Yoga Prevention and Self Healing through Awareness is intended as a small guide to a fulfilling and happy life through self knowledge Ayurveda and yoga point the way to how life can be made healthier and how living conditions can be influenced to promote good health and a happy life Following his education as a naturopath and completion of a university degree in business administration Klaus Rupprecht Wasmuht successfully pursued a career in industry and later became an independent entrepreneur in England Since 2003 he has devoted himself exclusively to health care During his multi annual training and further education in authentic ayurvedic healing treatments in South India he has been able to establish close contacts with numerous Vaidyas in the last 15 years leading to a lively exchange of experience Currently in charge of the Ayurveda and naturopathic practice in the Hanseatic city of L beck he is author of scientific publications and active as a speaker and seminar leader at the Federal Association Freie Heilpraktiker e V Berufs und Fachverband Federal Association of Independent Health Practitioners A Heart <u>Unfolding</u> Jay Summor, 2019-08-19 A Heart Unfolding is a collection span from the days spent in the lap of the almighty as in Bishop Robe and all the times I drank from the fountain of love and passion like The Song of Tender Souls with some stories emanating from human experience such as Asphalt Dew It s a feel good book that is suitable for a hide out read in your own The Whole Works of the Right Rev. KOSCIEJEW, 2014-01-09 Anyone who has ever tried to present a rather abstract scientific subject in a popular manner knows the great difficulties of such an attempt Either he succeeds in being intelligible by concealing the core of the problem and by offering to the reader only superficial aspects or vague allusions thus of deluding the reader by arousing in him the deceptive illusion of comprehension Or else he gives an expert account of the problem but as the untrained reader is unable to follow the exposition and becomes discouraged from reading any further If these two categories are omitted from todays popular scientific literature surprisingly little remains But the little left is very valuable indeed It is very important that the public is given an opportunity to experience consciously and intelligently the efforts and
