Hawthorne's Habitations Robert Milder, 2013-01-31 Hawthorne's Habitations draws on letters manuscripts and the author's little studied French and Italian notebooks to present a portrait of four fascinating locations in the middle of the nineteenth century and offer a convincing portrait of the way place informed Hawthorne's melancholy psychology and dark style Forgiveness: An Interdisciplinary Dialogue, 2020-05-06 Selected Stories Nathaniel Hawthorne, 2011-06 Dark weird psychologically complex Hawthorne's short fiction continues to fascinate readers Brenda Wineapple has made a generous selection of Hawthorne's stories including some of his best known tales as well as other less often anthologized gems In her introduction she explores a writer whose best stories as Wineapple has elsewhere observed penetrate the secret horrors of ordinary life those interstices in the general routine where suddenly something or someone shifts out of place changing everything The John Harvard Library edition reproduces the authoritative texts of Hawthorne's stories in The Centenary Edition of the Works of Nathaniel Hawthorne **American literature to 1900** M^a Teresa Gibert Maceda, 2009-09-03 Los veinticinco años de experiencia como profesora de la autora en la UNED hacen que este libro esté orientado fundamentalmente a la educación a distancia Los capítulos mantienen prácticamente la misma estructura a lo largo de toda la obra Cada tema se divide en cuatro partes Una primera donde se analizan individualmente los autores a través de sus biografías y contextos históricos Un texto en prosa o verso con notas al pie sobre las palabras o giros gramaticales que presentan más dificultad en su traducción del inglés Cuestiones de autoevaluación Otras cuestiones preparatorias más amplias En algunos casos se añaden recuadros con sugerencias de estudio **The Nature of True Virtue** James Duban, 2001-06 This study details the compatibility of ideas between Jonathan Edwards and Emanuel Swedenborg that helped forge the theological socialism of Henry James Sr Duban demonstrates how a forgotten newspaper exchange between the elder James

and Unitarian minister Henry Whitney Bellows clarified the Puritan foundations of the elder James's philosophy Henry James Jr in turn transformed the phenomenalistic and Edwardsian foundations of his father's philosophy into the psychological dramas of major novels although deeming the father's political radicalism destructive of aesthetic valuation **Writing Back** Susan Winnett, 2012-09-18 The migration of American artists and intellectuals to Europe in the early twentieth century has been amply documented and studied but few scholars have examined the aftermath of their return home *Writing Back* focuses on the memoirs of modernist writers and intellectuals who struggled with their return to America after years of living abroad Susan Winnett establishes repatriation as related to but significantly different from travel and exile She engages in close readings of several writers in exile including Henry James Harold Stearns Malcolm Cowley and Gertrude Stein *Writing Back* examines how repatriation unsettles the self construction of the returning absentee by challenging the fictions of national and cultural identity with which the writer has experimented during the time abroad As both Americans and expatriates these writers gained a unique perspective on American culture particularly in terms of gender roles national identity artistic self conception mobility and global culture Joseph A Boone University of Southern California **Boarding Out** David Faflik, 2012-09-30 Driven by intensive industrialization and urbanization the nineteenth century saw radical transformations in every facet of life in the United States Immigrants and rural Americans poured into the nation's cities often ahead of or without their families As city dwellers adapted to the new metropolis boarding out became for a few short decades the most popular form of urban domesticity in the United States While boarding's historical importance is indisputable its role in the period's literary production has been overlooked In *Boarding Out* David Faflik argues that the urban American boardinghouse exerted a decisive shaping power on the period's writers and writings Addressing the works of canonical authors such as Henry David Thoreau Nathaniel Hawthorne and Oliver Wendell Holmes as well as neglected popular writers of the era such as Fanny Fern and George Lippard Faflik demonstrates that boarding was at once psychically artistically and materially central in the making of our shared American culture Nathaniel Hawthorne John T. Lynch, 2010 This title offers in depth critical discussions of his life and works To this day Nathaniel Hawthorne remains one of the most studied authors in the English language His literary output included tales novels and essays and his influence was felt by writers the world over As stated in Jack Lynch's introduction to this volume Hawthorne's works can be found in virtually every library in the English speaking world No responsible survey course on American literature is complete without *The Scarlet Letter* no reputable collection of American short stories can omit *The Birthmark* or Rappaccini's Daughter He stands at the center of nineteenth century American literature Indeed Hawthorne is considered to be among the forefathers of American literature Edited by literary scholar Jack Lynch of Rutgers University Newark this volume in the *Critical Insights* series brings together some of the high points of the last half decade of Hawthorne criticism The essays contained within present a variety of critical viewpoints and an array of critical approaches Some consider the cultural and historical contexts

of Hawthorne's works while others examine the state of Hawthorne studies through changing critical fashions. Some of the essays look to biographical speculation, some consider Hawthorne's psychology, and yet others look closely to those issues that concerned Hawthorne most. Hawthorne's major work *The Scarlet Letter* receives critical attention with essays by Hugo McPherson, John G. Bayer, and Evans Lansing Smith, while some of Hawthorne's stories are examined in essays by Kathryn B. McKee and Bill Christophersen. His essays receive careful consideration by Thomas R. Moore, while well-known scholars such as Leo B. Levy, Nina Baym, Claudia D. Johnson, and Melvin W. Askew probe broad subjects such as 19th-century perfectionism, the fall of man, and notions of the sublime. While necessarily a sampling of the critical approaches to Hawthorne's work, the 18 essays contained in this volume provide an excellent starting point for those readers interested in studying this 19th-century American literary master. Each essay is 5,000 words in length, and all essays conclude with a list of Works Cited along with endnotes.

Children of the Raven and the Whale Caroline Chamberlin Hellman, 2019-11-20

Taking its cue from Perry Miller's 1956 classic of American literary criticism *The Raven and the Whale: The War of Words and Wits in the Era of Poe and Melville*, Caroline Chamberlin Hellman's new book examines ways in which contemporary multi-ethnic writers of the United States have responded to nineteenth and early twentieth-century texts historically central to the American literary canon. Each chapter of *Children of the Raven and the Whale* looks down the roads American literature ultimately traveled, examining pairs and constellations of texts in conversation. In their rewritings and layerings of new stories over older ones, contemporary writers forge ahead in their interrogations of a spectrum of American experience, whether they or their characters are native to the United States, first or second-generation immigrants, or transnational. Revealing the traces of texts by writers such as Walt Whitman, Herman Melville, Nathaniel Hawthorne, F. Scott Fitzgerald, Ernest Hemingway, Richard Wright, and James Baldwin lying beneath contemporary American literature, by Chang-rae Lee, Jonathan Lethem, Jhumpa Lahiri, Junot Díaz, Joseph O'Neill, Colum McCann, and Ta-Nehisi Coates, Hellman posits the existence of a twenty-first-century American renaissance.

Discourses on Violence and Punishment Krešimir Petkovic, 2017-07-27

This book brings together various discourses concerned with violence and punishment, paying special attention to the extreme variations of these phenomena. Starting from a narrow definition of violence as an infliction of physical harm, paired with a broad discussion of its causes, and a wide definition of punishment as an authority claim to retribution or reform, the book maps and interprets political-theoretical discourses on the death penalty, historical explanations of the changes of violence and punishment, and comparative differences in punishment. It also puts violence and punishment into perspective with political power, world religions, literature, and film, and criminological theory. The final chapter changes the perspective taken in the bulk of the book, dealing with discourses of theodicy in the face of cases of extreme violence and suffering. By juxtaposing many unusual discourses, the book attempts to fulfill three primary functions. First, it skeptically probes numerous discourses explaining and legitimizing violence and punishment in the light of extreme

cases The book is a map of violence and punishment Second it invites the reader to confront choose and combine these discourses when thinking about facts and norms of punishment The book provides an analytical toolbox for research of violence and punishment Third the book presents wider sense seeking strategies employed to deal with suffering such as irony redemption or rationalization **The Literature of the American People** Arthur Hobson Quinn, 1951
