Author and Title Index

, 1975 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1973 *Choice*, 2002

The Elements of Inquiry Peter J. Burke, Sara Jimenez Soffa, 2018-03-23 The Elements of Inquiry covers the basic

guidelines for graduate students doing an investigation or inquiry project It distills the rubrics necessary for teaching research methods and completing research projects and gives the student researcher a list of steps to follow to complete any type of inquiry project including formal research projects such as doctoral dissertations It was written to support the work of students in an educational leadership doctoral program but it will also assist the research efforts of college students at any level in any discipline The book begins by establishing the underlying philosophical concepts upon which all good research is based preparing students to get down to the nuts and bolts of conducting their own research and evaluating the research of others Fundamental concepts and rules of research are explained both for producers and consumers of social science and educational research Numerous practical examples illustrate the steps in the research process presented in the text There are end of chapter exercises for students to apply the concepts discussed in the chapter Templates for organizing and presenting research provide students with a game plan for success with their research The book ends with an up to date annotated bibliography of beginning and advanced research texts allowing students easy access to books that detail the more specialized research topics While most research books detail one or more method in depth this text provides a broad introduction to many techniques and models used in doctoral dissertations and will be of particular value to those who are consumers of inquiry studies and research reports Key to the overview provided is the annotated bibliography that leads the reader to the next stage of understanding or doing research

Writing Local History Today Thomas A. Mason, J. Kent Calder, 2013-10-11 Writing Local History Today guides local historians through the process of researching writing and publishing their work Mason Calder present step by step advice to guide aspiring authors to a successful publication and focus not only on how to write well but also how to market and sell their work Highlights include Discussion of how to identify an audience for your writing project Tips for effective research and planning Sample documents such as contracts and requests for proposals Discussion of how to use social media to leverage your publication Discussion of the benefits and drawbacks to self publishing An essay by Gregory Britton the editorial director of John Hopkins University Press about financial pitfalls in publishing This guide is useful for first time authors who need help with this sometimes daunting process or for previously published historians who need a quick reference or timely tip
