**Moon Shine** S L Thompson, 2013-10-15 Emily Thomas has learned to accept her reality She is a widow She is alone And her life carefully constructed so that she will never ever run into Josh s memory again is just fine that way But as Emily will soon find out the past has a way of sneaking back in and forcing its way into the present On her way to drop off an order to her best friend s company Emily discovers the first of several grisly murders All horrific And all eerily similar to Josh s tragic demise Five years ago Josh s death had made

headlines in her tiny town Murder in Prattville was rare but usually easily explained A jealous boyfriend Drugs Money Something Josh s death had been shrouded in mystery surrounded by flimsy theories and no proof Emily had been left with questions and terrifying as the recent murders were if there was a chance that they could be linked to Josh she was taking it What Emily didn t count on and couldn t have predicted was her unusual attraction to Samuel Bennett the out of town investigator working the case Sam is charismatic unforgettably good looking and a complication that Emily doesn t have time for Determined to ignore him and confused and guilty about her feelings for someone other than Josh she forges ahead with her investigation certain that she can find the killer on her own or at least enough evidence to take to the police when the time comes But the last thing that Sam wants to involve is the police His involvement in the death investigation is a carefully guarded secret and Emily s hell bent desire to find the truth on her own will make it very difficult for him to capture the beast that roams the streets of Prattville A terror filled visit to the scene of the crime pulls the two of them together and thrusts Emily into a supernatural rabbit hole filled with her worst terrors When Josh returns to the party straight from his own fresh hell and hinting at a reunion with his living wife Emily must make a choice should she go back to her husband or join with Sam and his band of hunters to confront the monsters that stalk her town But Josh has his own agenda and until Emily finds out exactly what that agenda is any choice that she makes could lead her down the wrong path dooming her the town and the man she now loves

The Curse of Satan's Collar John W. Miller,2008-04-29 He was big the biggest of the litter big enough to wrestle bears and he did two maybe more but he killed many When he woke up in that black inky night he couldn t see thought he was blind and had a massive hangover from his Daddy s Cherry Jump moonshine A buzzard had died in his mouth and with it came rotten dog breath A headache like someone had hit him with a pole axe made him feel like he was dead dead as four o clock And did he smell Wow His torn bib overalls were soaked in sour mash Other than not knowing where he was he still thought he was alright and that too was a problem Was there any hope or any salvation Luckily he had been weather hardened by war He stood up and he tired to walk but ran into something It knocked him down When he fell he heard something rattle It was a trace chain attached to a leather dog collar around his neck But in

the inky dark he couldn't see his hand in front of him. He got up again and found the trace chain wrapped around a tree and locked. Shocked he screamed out, "Goddamn I'm chained to a tree then screamed louder. They have chained me to a tree like a wild cur dog. Now mad as hornet with his stinger busted he felt around and found something else about the tree. This time he screamed even louder, "Son of a bitch! It's my goddamn tree. Who in the hell would chain me to my own tree. He sat back down against the family tree, stunned and then realized it's got to be my family. Chained me like a goddamn cur dog to a tree. But which one of them would have the nerve to do this to ME. Then he realized it could be only one person. He stood up and screamed, "Mama. Then he fell down again, pounded the ground, cried like his heart tore out. He got up off the ground, went into a wild man's rage, then fainted with exhaustion. Then he got sick, tried to walk but threw up all over himself. And the chain snatched him back and down into his vomit; it was all over him like those bugs. He pounded the ground with his fist, wondering how in the world he had gotten here and where he was. Again and again he got up. Each time he tried to walk in another direction but the chain snatched him off his feet and back down on the ground and into his rotten vomit. It didn't matter what direction he walked. Finally exhausted he couldn't get back on his feet. Still he kept asking himself, "Where in the hell am I and who in the hell put this collar on me. All night he shouted and wallowed in his vomit like an itchy old fat hog taking a bath in new mud. He heard no one come in the dark, silent black night. Thank God. His vomit smell finally ran the goddamn bugs off his body and away.

**AUTHOR REVIEWS** Another one of the best of the best has an eye for writing more good novels. Just Great. What can a person do when they read a story like this one. You have the knack for telling stories from the Blue Ridge Mountains. Just keep it up and I'll keep looking for another book.

**Hyway94** Everywhere USA I like the back story flash back that leads in. Very well written and has great flow about something I know nothing about.

**Isle of Travey** Auckland 1172 New Zealand Another highly written book written in your unique style and I loved the antics in this one. You are so gifted to have such a unique spelling ability.

**rivki1111** USA This is the very best chapter 54 of your novel. Of course I am so glad the villain got his come up ins.

**Dredd** reminded me of one of my ex-husbands. You've got a great book here.

**Oatmeal** Camille Whitman USA You have a talent for realistic character engaging dialogs.

**Bearing Hearts** Lucy Randall couldn't save her partner Ragnar when their mission against a rogue wolf pack went bad but she can finish the job and at least honor Ragnar's memory by killing the men who ambushed him. Reaching the investigator who hired her seems easy enough until she runs into a man with Ragnar's face and twice as

much attitude Can they avenge Ragnar s death and get one step closer to destroying the rogue wolf pack or will their hearts grow too heavy to bear Bearing Scars Kara flees a rogue pack to save her own life but knows she has to go back to save her brother When the rogue wolves chase her though Kara faces a lonely death in the woods until an enormous bear shifter races in to save her Owen is everything she needs and as he deals with his own scars Kara discovers he needs her more But when the rogue pack demands a trade that endangers Kara her brother and most of the bears how far will Kara go to save her brother And how much will Owen sacrifice to protect her Bearing Demons Greer O Brien has seen all kinds of tragedy as a homicide detective and she s witnessed her fair share as a banshee too When she finds a dying man the banshee sings his death song except the handsome shifter doesn t stay dead Greer isn t ready for Malcolm MacNevin to disrupt her solitary life and she certainly isn t ready for him to kidnap her When Malcolm s little sister disappears into the city s underworld Greer walks a fine line between her oath as a detective and her growing feelings for Malcolm She ll even face off with Russian mobsters crazy fae overlords and a rogue pack to save Malcolm s sister But will that be enough to save Malcolm from his demons Bearing Secrets Sunshine Wilkes runs a shelter and escape route for women with nasty husbands She handles whatever the world throws at her until she rescues a crazy pregnant lady raving about werewolves and carrying a little boy with a puppy tail She s in over her head in a magical world she didn t know existed So when a detective pal recommends a gorgeous Russian thug as a bodyguard Sunny doesn t mind at all She can handle a guy with a dodgy past even him being a werebear is something she can come around to But when her relationship with Sasha makes Sunny the target of an evil wolf pack and Russian mobsters she starts to think some of his secrets are too dark to survive Will Sasha s secrets ruin his future with Sunny or will he finally break free of the past      *Whitaker's Book List* ,1987
