Creating The Agile Library A Management Guide For Librarians:

Creating the Agile Library Lorraine J. Haricombe, T. J. Lusher, **Library Management in Disruptive Times** Steve O'Connor, 2015-09-30 Is the traditional library business model a victim of disruptive digital technologies Library Management in Disruptive Times identifies the key skills and attitudes needed by the library leaders of today and tomorrow and delivers a balanced view of the future of the profession Contributed to by expert professional library leaders and educators from across the globe this edited collection offers thought provoking perspectives on the challenge of the current operating environment across a range of library sectors library professional associations and geographic regions Each author brings their own particular area of expertise and perspective on to consider the effects of disruptive change in libraries globally Key topics covered include Leading change Management fads and their impact on libraries User engagement The value of collaboration and consortia Library management and the global economic crisis Agile management techniques The role of professional associations in redefining the profession Developing management skills on the job Planning for the future This dynamic collection helps readers to envision the purpose and value of future libraries and to see change as a rare opportunity to create truly new roles for librarians Readership This will be essential reading for library managers directors and aspiring leaders throughout the world *The Bowker Annual Library and Book Trade Almanac 2000* R R Bowker

Publishing, Bowker, 2000-05 As an on the job answer book a statistical information resource a planning and research guide and a directory and calendar The Bowker Annual Library and Book Trade Almanac 2000 delivers the hard to find industry news and information you need all year long This acclaimed must have resource provides Expert reviews of the key trends events and developments that will influence your work in 2000 and the years to come Plain English explanations of new legislation and changes in funding programs and how it will affect libraries Definitive statistics on book prices numbers of books published library expenditures average salaries and other budget crunching assistance A full calendar of events key organizations names and numbers of important individuals including e mail addresses and fax numbers and much more This fully updated reference tool makes it easy to stay on top of the developments that affect libraries booksellers and publishers alike and to find fast answers to the countless on the job questions you encounter You ll use it to Keep informed on the latest trends in networking the Internet and other advances Locate information on industry events and organizations Find lists of best books literary prizes winners and bestsellers Prepare budgets and justify requests Review recent legislation and regulations affecting your industry Learn about emerging trends needs problems and opportunities And that s just the beginning With The Bowker Annual 2000 on hand you won t spend hours or even days tracking down needed library or book trade data because the information you need is right at your fingertips *Library Literature* ,1934 An index to library and information science Planning for a New Generation of Public Library Buildings Gerard B. McCabe, 2000-01-30 The public library director needs information that helps in understanding what is involved in planning for a public library building

project This applies whether the subject is a free standing independent building a branch library a joint use facility with a museum a senior academic library a community or junior college library or a school library Reading this book will not turn a reader into a qualified specialist on library buildings but it will help librarians and others learn what should be known about a project so that they may function effectively as part of the planning team The concept of modern libraries is moving toward interactive connections with information sources far beyond the immediate community For the contemporary public library this means connection to a network with several terminals constantly online to the Internet New library buildings must be constructed with these and other needs in mind The public library director needs information that helps in understanding what is involved in planning for a public library building project This applies whether the subject is a free standing independent building a branch library a joint use facility with a museum a senior academic library a community or junior college library or a school library This book will help librarians and others learn what should be known about a project so that they may function effectively as part of the planning team *The Practical Library Manager* Ruth C Carter, Bruce E Massis, 2013-04-15 Examine the nuts and bolts of successful management in today's rapidly evolving libraries This book is an essential primer for new library managers and directors In addition to providing an overview of the practical aspects of management it is a vital reference tool for managing your library and its staff The Practical Library Manager's informative text and comprehensive bibliographies of print and electronic resources can guide you to solutions to the issues that every fledgling library manager must deal with upon appointment While there are many publications on library management The Practical Library Manager is one of very few to focus on the practical issues of staffing and the importance of continuous staff training Also unlike other books on the subject this book features a chapter that points you to relevant management texts originally written for the corporate world rather than the library profession The Practical Library Manager is the perfect single source to help you understand the challenges of staffing your library and training your staff explore new technology's impact on library workers and evaluate training programs to help them keep up ensure that your staff has the core competencies they'll need in the current climate build a virtual library decide whether your library should join a consortium and much more In the words of the author Today the most successful libraries in the country are those addressing the needs of both external and internal customers However it takes more than technology to change the working relationship between the institution and its customer The guiding force for change must include a strong and respectful relationship between the library manager and staff Much of what is written in this book can assist the fledgling manager in creating an environment of trust teamwork and respect Library & Information Science Abstracts, 2008 **Libraries Without Walls**, 2000 Leadership and Administration of Successful Archival Programs Bruce W. Dearstyne, 2001-10-30 Strong archival programs are rare in part because the archival field has not given sustained attention to program leadership and management issues over the years As a consequence many programs are underfunded and undersupported and lack

sufficient space staff and other resources to carry out their immensely important work This collection of essays from eight of the archival field's notably successful leaders provides first hand accounts of how to carry out planning build coalitions and alliances garner resources empower and inspire program personnel change program direction and take programs in new dynamic directions There is an abundance of literature on archival theory techniques and practice but leadership program building and related topics are seldom covered in archival literature This collection of essays provides varying perspectives insights advice caveats and other helpful information based on the experiences of highly regarded professionals in the field who have actually developed and administered successful programs They address such issues as how to define program success the traits of a successful program leadership traits and similarities and differences between archival program and similar programs such as libraries

The Evolution of Library and Museum Partnerships Lisa Gottlieb, 2004-11-30

These authors examine the unique social roles of libraries and museums review historical precedents as well as library museum partnerships funded in recent years through IMLS grants and forge an exciting vision of a new library museum hybrid The juxtaposition of library collections and museum artifacts they assert has the potential to create authentic interactive experiences for community members and it can help establish a distinct meaningful and sustainable role for libraries In the authors words libraries can then reassert themselves as places devoted to contemplation wonder knowledge acquisition and critical inquiry Commercialization edutainment and the library as a learning community are just some of the fascinating topics addressed as the authors explore the future's terrain and suggest how libraries might situate themselves upon it Libraries museums and the ways in which they are used by patrons have drastically changed in past decades Digitization projects infotainment and the Internet are redefining the library's and the museum's roles in the community What are the implications for the future of these institutions These authors examine the unique social roles of libraries and museums review historical precedents as well as library museum partnerships funded in recent years through IMLS grants and forge an exciting vision of a new library museum hybrid The juxtaposition of library collections and museum artifacts they assert has the potential to create authentic interactive experiences for community members and it can help establish a distinct meaningful and sustainable role for libraries In the authors words libraries can then reassert themselves as places devoted to contemplation wonder knowledge acquisition and critical inquiry Commercialization edutainment and the library as a learning community are just some of the fascinating topics addressed as the authors explore the future's terrain and suggest how libraries might situate themselves upon it

Collaborative Electronic Resource Management Joan E.

Conger, 2004-11-30 Electronic resource management is becoming a primary responsibility of library managers This book approaches electronic resource management as a system affecting all library work linking it to concepts of collaborative management and the assessment cycle The author demonstrates how collection development acquisitions licensing budgeting and cataloging techniques technological infrastructure and user services for electronic resources fit into the new

collaborative management that relies on learning more than control to respond to change The techniques presented for managing electronic resources improves the library s service value through relationships between library professionals and with library customers Engaging the librarian in a cycle of constant learning and assessment the approach ultimately makes work lighter relationships with colleagues and customers more productive and library services more relevant to community needs

Libraries Without Walls 3 Peter Brophy,Zoë Clarke,Shelagh Fisher,2000 Lifelong learning is becoming reality throughout the world requiring that learning opportunities and materials are delivered to citizens in their locality at home or at work Increasing numbers of students are undertaking distance education programmes and libraries are being called upon to find innovative ways to support distance learners Developments in technology are creating new possibilities for document delivery and the distributed virtual library *LA Record* ,1999
