The barrel is wrapped in green and brown bands. The potted plant has long, dark green leaves. The stained glass window depicts a butterfly with blue and orange wings, perched on a pink flower. A single candle is lit inside the window. To the left, two lit candles are in brass holders. To the right, a single lit candle is in a dark holder. The overall mood is serene and contemplative.

This book is a major new account of the most intensely creative years of Luther s career The Making of Martin Luther takes a provocative look at the intellectual emergence of one of the most original and influential minds of the sixteenth century Richard Rex traces how in a concentrated burst of creative energy in the few years surrounding his excommunication by Pope Leo X in 1521 this lecturer at an obscure German university developed a startling new interpretation of the Christian faith that brought to an end the dominance of the Catholic Church in Europe Luther s personal psychology and cultural context played their parts in the whirlwind of change he unleashed But for the man himself it was always about the ideas the truth and the Gospel Focusing on the most intensely important years of Luther s career Rex teases out the threads of his often paradoxical and counterintuitive ideas from the tangled thickets of his writings explaining their significance their

interconnections and the astonishing appeal they so rapidly developed Yet Rex also sets these ideas firmly in the context of Luther's personal life the cultural landscape that shaped him and the traditions of medieval Catholic thought from which his ideas burst forth Lucidly argued and elegantly written *The Making of Martin Luther* is a splendid work of intellectual history that renders Luther's earthshaking yet sometimes challenging ideas accessible to a new generation of readers **Idolatry** Alon Goshen-Gottstein, 2023-05-16 Idolatry or its Hebrew equivalent Avodah Zarah is a fundamental feature of a Jewish view of other religions All religions must pass the test of whether they are compliant with a Jewish view of religions as being free from the worship of another God With the advance in interfaith relations positions have been affirmed that clear most major contemporary religions from the charge of idolatry What remains of idolatry once it no longer serves as a tool for evaluating other faiths Does the category continue to have theological appeal What are its internal uses A cadre of Jewish scholars and thought leaders explore in this volume what the continuing relevance of idolatry is and how it might continue to inform our religious horizons allowing us to distinguish between good and bad religion both within Judaism and beyond
