Gordin,2024-05-31 Properly analyzed the collective mythological and religious writings of humanity reveal that around 1500 BC a comet swept perilously close to Earth triggering widespread natural disasters and threatening the destruction of all life before settling into solar orbit as Venus our nearest planetary neighbor Sound implausible Well from 1950 until the late 1970s a huge number of people begged to differ as they devoured Immanuel Velikovsky s major best seller Worlds in Collision insisting that perhaps this polymathic thinker held the key to a new science and a new history Scientists on the other hand assaulted Velikovsky s book his followers and his press mercilessly from the get go In The Pseudoscience Wars Michael D Gordin resurrects the largely forgotten figure of Velikovsky and uses his strange career and surprisingly influential writings to explore the changing definitions of the line that separates legitimate scientific inquiry from what is deemed bunk and to show how vital this question remains to us today Drawing on a wealth of previously unpublished material from Velikovsky s personal archives Gordin presents a behind the scenes history of the writer s career from his initial burst of success through his growing influence on the counterculture heated public battles with such luminaries as Carl Sagan and eventual eclipse Along the way he offers fascinating glimpses into the histories and effects of other fringe doctrines including creationism Lysenkoism parapsychology and more all of which have surprising connections to Velikovsky s theories Science today is hardly universally secure and scientists seem themselves beset by critics denialists and those they label pseudoscientists as seen all too clearly in battles over evolution and climate change The Pseudoscience Wars simultaneously reveals the surprising Cold War roots of our contemporary dilemma and points readers to a different approach to drawing the line between knowledge and nonsense      **The Genesis Flood Revisited** Andrew Snelling,2022-10-25 Modeled after the 1961 ground breaking book The Genesis Flood by Drs Whitcomb and Morris this detailed work builds on that classic volume with new insights from decades of work by the author Dr Andrew Snelling and

numerous colleagues This recent revolution in geology and the explosion in geological research have established an even firmer basis for understanding the biblical Flood with a God honoring foundation the absolute authority and inerrancy of God's Word Examine details of the Creation Week as it builds a solid scriptural case for the Flood's catastrophic nature and global extent Find decisive answers to many questions about the Flood and Noah's Ark its construction and the animals taken onboard Delve deeply into astonishing geological details that unfold from the early chapters of Genesis including the Creation Week and the pre Flood world Explore detailed evidence and a concise informative 30 page color section with diagrams maps and more Dr Snelling jettisons the faulty evolutionary uniformitarian assumptions used by most geologists and instead interprets compelling new geological and observed field data within the biblical framework for the earth's history He also demonstrates that fossils were catastrophically buried in sedimentary layers being deposited rapidly on a global scale on the continental plates derived from the violent rifting apart of the original supercontinent His work demolishes radiometric dating the icon of the millions of years dogma and builds a thoroughly powerful case for a young earth that explains many geological features such as varves evaporites coal oil chalk granites and more that biblical skeptics sadly have used to scoff at God's Word Discover the powerful truth behind the earth's most enduring mysteries □□□□ □□□ (Wayne Grudem),2019-07-16 300 000 1 2 3 4 5 6 ESV The Creationists Ronald L. Grudem,2009-05-18 The Christian church has a long tradition of systematic theology that is of studying biblical teaching on centrally important doctrines such as the Word of God redemption and Jesus Christ Wayne Grudem's bestselling Systematic Theology has several distinctive features A strong emphasis on the scriptural basis for each doctrine Clear writing with technical terms kept to a minimum A contemporary approach treating subjects of special interest to the church today A friendly tone appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross reference subjects to a wide range of other systematic theologies Across the Spectrum Gregory A. Boyd,Paul Rhodes Eddy,2002-06-01 Evangelical thinkers in recent years have thrust differing and sometimes nontraditional views on the doctrine of God the composition of the human person and the nature of hell into the spotlight

Across the Spectrum written by Bethel College theologians Gregory Boyd and Paul Eddy offers a service to the church by carefully examining the various positions taken by evangelical scholars on eighteen seminal issues both classic concerns and those of more contemporary interests Rather than taking sides however the authors give readers the resources they need to make up their own minds Among the many topics discussed are baptism the nature of the self the foreknowledge and providence of God the interpretation of Genesis 1 2 the destiny of the unevangelized and the nature of hell In the spirit of the popular four views books Boyd and Eddy carefully lay out the biblical theological and philosophical arguments for each position and then discuss possible objections Each chapter also includes a bibliography A helpful appendix touches on nine additional issues Across the Spectrum will surely be an indispensable resource for students professors pastors and anyone who wants to make sense of the issues facing today's church

The Pastor's Library Robert A. Yost, 2017-09-21 In the spirit of Cyril Barber's classic work from the 1970s The Minister's Library Robert Yost provides students and pastors with expert guidance on building a working ministerial library From Old and New Testament languages lexical aids and grammatical tools to commentaries and theologies as well as pastoral resources Yost is a trustworthy guide through the multiplicity of books that seem to just keep rolling off the presses Far more than just a guide to commentaries as are so many works today this resource is a balanced pastoral tool for pastors and students who are overwhelmed by the proliferation of literature in the fields of biblical and pastoral studies

God and Nature David C. Lindberg, Ronald L. Numbers, 2023-11-15 Since the publication in 1896 of Andrew Dickson White's classic History of the Warfare of Science with Theology in Christendom no comprehensive history of the subject has appeared in the English language Although many twentieth century historians have written on the relationship between Christianity and science and in the process have called into question many of White's conclusions the image of warfare lingers in the public mind To provide an up to date alternative based on the best available scholarship and written in nontechnical language the editors of this volume have assembled an international group of distinguished historians In eighteen essays prepared especially for this book these authors cover the period from the early Christian church to the twentieth century offering fresh appraisals of such encounters as the trial of Galileo the formulation of the Newtonian worldview the coming of Darwinism and the ongoing controversies over scientific creationism They explore not only the impact of religion on science but also the influence of science and religion This landmark volume promises not only to silence the persistent rumors of war between Christianity and science but also serve as the point of departure for new explorations of their relationship Scholars and general readers alike will find it provocative and readable Since the publication in 1896 of Andrew Dickson White's classic History of the Warfare of Science with Theology in Christendom no comprehensive history of the subject has appeared in the English language Although many twentieth century historians

Volume 1, Fourth Edition James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

**Bible Doctrine** Wayne A. Grudem, 2014-10-28 How do we know the Bible is God's Word What is sin and where did it come from How is Jesus fully God and fully man What are spiritual gifts When and how will Christ return If you've asked questions like these then systematic theology is no abstract term It's an approach to finding answers every Christian needs to know Bible Doctrine takes a highly commended upper level textbook on systematic theology and makes it accessible to the average reader Abridged from Wayne Grudem's award winning Systematic Theology Bible Doctrine covers the same essentials of the faith giving you a firm grasp on seven key topics The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like Systematic Theology this book is marked by its clarity its strong scriptural emphasis its thoroughness in scope and detail and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit But you don't need to have had several years of Bible school to reap the full benefits of Bible Doctrine It's easy to understand and it's packed with solid biblical answers to your most important questions The Layperson's Library Robert A. Yost, 2020-12-30 In the spirit of Cyril Barber's classic work from the 1970s The Minister's Library and the author's 2017 book The Pastor's Library Robert Yost provides the same expert guidance now for a lay audience Finally laypersons who desire to study the Bible have an invaluable resource for the acquisition of research tools as well as general Christian reading From

general reference works such as Bible atlases and concordances commentaries devotional works and theological studies to Christian biography and fiction this book is a trustworthy guide through the multiplicity of books that just seem to keep rolling off the presses Overwhelmed by the proliferation of Christian books on the shelves This handy guide is the book for you

**The Bible, Rocks and Time** Davis A. Young,Ralph F. Stearley,2008-08-18 Davis A Young and Ralph Stearley seek to convince readers of the vast antiquity of the Earth They point out the flaws of young Earth creationism and counter the impression by many scientists that all Christians are young Earth creationists

**Following the Truth, Wherever It Leads** Kenneth G. Reddington,2015-03-20 This book encourages an openness to accept and experience the truth whatever its source As philosopher Francis Schaeffer famously asked How can we be sure that what we think we know of the world outside ourselves really corresponds to what is there Where do we look for an understanding of ourselves our world and the meaning of our existence Is there such a thing as an objective and unchanging truth that applies to all people everywhere throughout time Can we discover it in philosophy in the natural or social sciences or in religion This book sets out to explore the answers to these questions and considers how finding the answers can enrich our lives and daily experience Following the Truth Wherever It Leads investigates areas where the authenticated discoveries of natural science

and the clear statements of the Bible agree with and support one another and asks whether there really are irreconcilable differences between them It ends by attempting to portray a worldview whose promise may add fresh meaning and purpose to our lives
