Harold, 2022-11-01 Today s wholesale lack of trust in our institutions is a problem with deep roots in liberalism and it cannot be solved by tweaking a liberal paradigm in which different conceptions of the good create conflict that is resolved by a sovereign state without reference to a nonexclusive common good Ultimately the essence of liberalism is contained in the language of values which serve as wedges to divide people Philip J Harold takes this problem head on with a thoroughgoing survey reaching back to the early modern era to uncover the nature of liberalism s basic assumptions and diagnose its breakdown As opposed to traditional liberal denial of a good superior to individual interest Harold proposes a postliberal political philosophy able to understand the common good as friendship and social trust built up by loyalty While critiquing values language Harold also addresses the concept of sovereignty and the invention of morality as its supplement the inappropriate distinction between the empirical and the transcendental the true nature of the secular and the sacred the necessarily symbolic expression of the common good and the false conceptualization of religion

and politics
