## Basic Chesterton:

**The Historical Imagination of G.K. Chesterton** Joseph R. McCleary, 2009-02-20 This study examines a selection of Chesterton's novels poetry and literary criticism and outlines the distinctive philosophy of history that emerges from these writings Specifically McCleary contends that Chesterton's recurring use of the themes of locality patriotism and nationalism embodies a distinctive understanding of what gives history its coherence *G.K. Chesterton, London and Modernity* Matthew Beaumont, Matthew Ingleby, Lawrence Phillips, 2016-02-25 G K Chesterton *London and Modernity* is the first book to explore the persistent theme of the city in Chesterton's writing Situating him in relation to both Victorian and Modernist literary paradigms the book explores a range of theoretical and methodological approaches to address the way his imaginative investments and political interventions conceive urban modernity and the central figure of London While Chesterton's work has often been valued for its wit and whimsy this book argues that he is also a distinctive urban commentator whose sophistication has been underappreciated in comparison to more canonical contemporaries With chapters written by leading scholars in the field of 20th century literature the book also provides fresh readings and suggests new contexts for central texts such as *The Man Who Was Thursday* *The Napoleon of Notting Hill* and the Father Brown stories It also discusses lesser known works such as *Manalive* and *The Club of Queer Trades* drawing out their significance for scholars interested in urban representation and practice in the first three decades of the 20th century **G.K. Chesterton** D. J. Conlon, 1987 G K Chesterton one of the most controversial literary figures of the last hundred years has excited an enormous range of critical comment since his death in 1936 In this generous collection of essays D J Conlon presents the views of more than fifty writers on the private and public Chesterton Writers such as George Orwell Evelyn Waugh Kingsley Amis Anthony Burgess Graham Greene V S Pritchett A N Wilson and many others show the range and the nature of Chesterton's impact over the last half century G K Chesterton's output was prodigious including essays prefaces poems short stories and articles as well as 115 books Having made his name in journalism which he called the easiest of all professions he went on to write novels and to create the best known detective priest in English fiction Father Brown He wrote literary criticism including works on Browning Dickens and Shaw and established himself as a Christian apologist and commentator on political and social affairs His larger than life personality and appearance his wit and his friendship with Hilaire Belloc all made an indelible impression on contemporaries while his writing remains subject to continual reassessment and is currently enjoying a new popularity This collection will be of special interest to all those fascinated by the rich and eccentric era of British Edwardian literature *G. K. Chesterton* Harold Bloom, 2009 A collection of critical essays on G K Chesterton's work **The Dark Side of G.K. Chesterton** John C. Tibbetts, 2021-10-18 This is a critical study of the great British man of letters G K Chesterton devoted to the novels stories and essays that explore the darker fringes of his wild imagination Everything is different in the dark wrote Chesterton perhaps you don't know how terrible a truth that is

Chesterton's use of the theme of gargoyles provides the thematic structure of the book. It covers the detective stories of Father Brown and others, the locked rooms and miracle crimes in his writing, his status as a science fiction writer, and the riddles and paradoxes of three works: *Job*, *The Man Who Was Thursday*, and the play *The Surprise*. This volume also includes an interlude about Chesterton and Jorge Luis Borges and a robust appendix including interviews about the formation of Ignatius Press's *Collected Chesterton*.

**Chesterton and Evil** Mark Knight, 2004 Here Knight crafts a portrait of Chesterton, the Fleet Street newspaperman who was able to entertain vast audiences as well as the thinker who could illuminate serious questions about justice, fairness, and faith, and who helped confront the new evils of the new century by creating works that gave vivid form to enduring truths about the good.

Freedom's Progress? Gerard Casey,2021-10-04 In Freedom s Progress Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many

aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to feature in a history of political thought feature in this book Plato Aristotle Machiavelli Locke Mill and Marx but you will also find thinkers treated in Freedom's Progress who don't usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert Freedom's Progress also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive chapter on human prehistory

**The Monstrosity of Christ** Slavoj Žižek, John Milbank, 2011-02-25 A militant Marxist atheist and a Radical Orthodox Christian theologian square off on everything from the meaning of theology and Christ to the war machine of corporate mafia What matters is not so much that Žižek is endorsing a demythologized disenchanted Christianity without transcendence as that he is offering in the end despite what he sometimes claims a heterodox version of Christian belief John Milbank To put it even more bluntly my claim is that it is Milbank who is effectively guilty of heterodoxy ultimately of a regression to paganism in my atheism I am more Christian than Milbank Slavoj Žižek In this corner philosopher Slavoj Žižek a militant atheist who represents the critical materialist stance against religion's illusions in the other corner Radical Orthodox theologian John Milbank an influential and provocative thinker who argues that theology is the only foundation upon which knowledge politics and ethics can stand In *The Monstrosity of Christ* Žižek and Milbank go head to head for three rounds employing an impressive arsenal of moves to advance their positions and press their respective advantages By the closing bell they have not only proven themselves worthy adversaries they have shown that faith and reason are not simply and intractably opposed Žižek has long been interested in the emancipatory potential offered by Christian theology And Milbank seeing global capitalism as the new century's greatest ethical challenge has pushed his own ontology in more political and materialist directions Their debate in *The Monstrosity of Christ* concerns the future of religion secularity and political hope in light of a monstrous event God becoming human For the first time since Žižek's turn toward theology we have a true debate between an atheist and a theologian about the very meaning of theology Christ the Church the Holy Ghost Universality and the foundations of logic The result goes far beyond the popularized atheist theist point counterpoint of recent books by Christopher Hitchens Richard Dawkins and others Žižek begins and Milbank answers countering dialectics with paradox The debate centers on the nature of and relation between paradox and parallax between analogy and dialectics between transcendent glory and liberation Slavoj Žižek is a philosopher and cultural critic He has published over thirty books including *Looking Awry* *The Puppet and the Dwarf* and *The Parallax View* these three published by the MIT Press John Milbank is an influential Christian theologian and the author of *Theology and Social Theory Beyond Secular Reason* and other books Creston Davis who conceived of this encounter studied under both Žižek and Milbank
