Basic Ecclesial Communities The Evangelization Of The Poor:

Basic Ecclesial Communities Alvaro Barreiro, 2011-01-01 This work is embarrassingly elementary embarrassing for the reader not the writer Father Barreiro states with the power of simplicity the privileged place of the poor in the eyes of God and the mission of the church and presents the basic ecclesial communities as incarnations of that privilege This is a short work well worth reading Philip J Murnion Director The Parish Project National Conference of Catholic Bishops The comunidades de base of Latin America have been giving me hope and inspiration for many years Their roots are as ancient as the Gospel and their development in these times almost as spontaneous as the spread of Christianity in the early days of the Church Unfortunately Americans in general do not know the poverty in their own country and don't understand people who are poor anywhere While they pour out money and supplies with enormous generosity whenever disasters of famine and earthquake and war are made known to them most do not see the spiritual potential in the people in poverty in the United States and throughout the world whom they want so much to help Leaders of America's churches clergy and laity of all denominations can learn this potential from Barreiro's book Norman C Eddy Coordinator East Harlem Interfaith Father Barreiro combines solid scriptural and theological resources with first hand knowledge of these communities themselves The appearance in English of Fr Barreiro's book is very timely North American Christian communities need to be informed about the good news coming out of Latin America Allan Figueroa Deck SJ Director of Hispanic Ministry Diocese of Orange in California Alvaro Barreiro SJ was Professor of Systematic Theology at the Catholic University of Rio de Janeiro and is currently with the Centro de Espiritualidade Inciana de Itaici *Basic Ecclesial Communities* Álvaro Barreiro (s.j.), 1982

Nesson, 2012-09-06 The Vitality of Liberation Theology argues for the ongoing necessity of a liberating theology in a world of endemic poverty and economic globalization Although some have declared liberation theology's demise or even its death Nesson articulates the imperative and logic of it for a new generation Latin American liberation theology burst forth as the most original and compelling theological movement from the developing world in the modern period The story of the emergence and proliferation of liberation theology as well as the opposition to this movement both within and without Latin America is one of the most significant and lasting developments in Christianity since the last third of the twentieth century Together with other forms of liberating theology from contexts of oppression in diverse parts of the world anti-apartheid theology in South Africa and Namibia Minjung theology in Korea Dalit theology in India or Palestinian liberation theology Latin American liberation theology takes a prophetic stand against the hegemony of the status quo and joins league with

The Preferential Option for the Poor beyond Theology Daniel G. Groody, Gustavo A. Gutiérrez, 2016-10-15 Since the 1973 publication of Gustavo Gutiérrez's groundbreaking work A Theology of Liberation liberation theology's central premise of the preferential option for the poor has become one of the most important yet controversial theological themes of the twentieth century As the situation for many of the world's poor worsens it becomes ever more important to ensure that the option for the poor remains not only a vibrant theological concept but also a practical framework for living out the gift and challenge of Christian faith The Preferential Option for the Poor beyond Theology draws on a diverse group of contributors to explore how disciplines as varied as law economics politics the environment science liberal arts film and education can help us understand putting a commitment to the option for the poor into practice The central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors address the theological concept of the option for the poor as well as the ways it can shape our social economic political educational and environmental approaches to poverty Their creative examples serve as an inspiration to all those who are seeking to put their talents at the service of human need and the building of a more just and humane world *Systematic Theology, Volume 2,*

Gustavo Gutierrez Robert McAfee Brown, 2013-03-01 Here is a definitive introduction to liberation theology through the life and work of its most significant proponent Gustavo Gutierrez Robert McAfee Brown draws extensively on Gutierrez's own writings some never published in English and on personal conversations with him Brown clearly and compellingly presents the basics of liberation theology and the differences between North American and Latin American theologies The form of Gustavo Gutierrez is that of a drama Brown's initial program notes introduce and situate the author the actors the critics He sets the stage with a history of church and state in Latin America and introduces its definitive figures themes and milestones A collective biography of Gutierrez's spiritual predecessors is followed by a biography of Gutierrez himself which takes critical account of his works Then we are ready dramatically and theologically to move to the first act that of commitment to the poor

The second act in two scenes explores first liberation theology's method of critical reflection on praxis and also its content nothing less than the Word of God Brown delves next into the controversies and criticisms Gutierrez faces especially the challenges from authorities in Rome Finally in act three readers discover that in this particular drama they too are on stage and must take part by reflecting on what this drama really means for them *The Community of the King* Howard A.
