**Appraisal of the Growth of the Christian Faith in Igboland** Bartholomew N. Okere, 2012-05 The Igbo people in Nigeria continue to make some movements toward Christianity but many fail to practice the faith properly Tribal traditions and old beliefs continue to be mixed with Christian concepts By exploring the problem from a psychological and pastoral perspective author Bartholomew N Okere seeks to discover ways to advance the Christian faith Okere an ordained Catholic priest asks serious questions about the nature of religion Can someone believe in a supernatural being without any proof that the being is affecting his life Can the notion of God be therapeutic in any sense especially when people face dire life threatening situations Can a hungry person sing and praise God on empty stomach Can the name of God be employed for political gains The Christian religion in Nigeria has dramatically affected the people of Igboland Discover why this is so important and learn more about faith religion and life in Nigeria in *An Appraisal of the Growth of the Christian Faith in Igboland*

**Religion and Economics: Normative Social Theory** J.M. Dean, A. M. C. Waterman, 1999 To follow up the 1994 *Economics and Religion Are They Distinct* which explored how the two systems of thought could be harmonized within normative social theory a number of case studies were conducted and the reports and sent as a group to a second group of authors These commentators composed interpretive essays to address whether the attempts to combine into a normative social theory the putative insights of theology with the putative scientific knowledge supplied by economics are intellectually defensible and or actually fruitful The volume contains both the case studies and the essays Annotation copyrighted by Book News Inc Portland OR

**The Free Person and the Free Economy** Anthony J. Santelli, 2002-01-01 Foundations of Economic Personalism is a series of three book length monographs each closely examining a significant dimension of the Center for Economic Personalism's unique synthesis of Christian personalism and free economic market theory In the aftermath of the momentous geopolitical and economic changes of the late 1980s a small group of Christian social ethicists began to converse with free market economists over the morality of market activity This interdisciplinary exchange eventually led to the founding of a new academic subdiscipline under the rubric of economic personalism These scholars attempt to integrate economic theory history and methodology with Christian personalism's stress upon human dignity humane social structures and social justice This final volume in the series systematically applies the praxeological from the first volume and theoretical from the second volume foundations of the personalist tradition to free market economic theory Unlike the previous two this work defends economic liberty in theologically sensitive terms that reference the personalist tradition without compromising the disciplinary integrity of either economics or social ethics

Symposium on Puritanism and Society (JCR Vol. 06 No. 02) Gary North, Allen C. Guelzo, David H. Chilton, Richard Flinn, Rita Mancha, Edmund

S. Morgan, James B. Jordan, Gordon Geddes, Greg L. Bahnsen, This volume is devoted to a study of the Puritans the contributors survey the impact of Puritan sermons thought and law on society in general There is little doubt today that the Puritan movement in England and the New World helped to reshape the basic institutions of the Anglo Saxon world In previous issues we have surveyed the Puritan views concerning civil law economics science and other kingdom institutions Now we focus on those aspects of Puritan life that concerned the family the institutional church music death and Cromwell s Protectorate Whatever politics you adopt he says should be liberal whatever economics you adopt of course should be interventionist Not impressed by biblical law Dr Lloyd Jones falls back upon the conventional unconventionality of late twentieth century British politics all in the name of liberal innovation He ignores the fact that the dominion covenant was reestablished after the Fall with Noah The Fall has now become an excuse for not doing anything to cure its effects However he said in his 1975 essay Looking at history it seems to me that one of the greatest dangers confronting the Christian is to become a political conservative and an opponent of legitimate reform and the legitimate rights of people p 103 But if explicitly Christian reform is doomed what kind of legitimate reform does he have in mind Why Calvinist reform meaning economic interventionism since Arminianism supposedly leads to laissez faire Arminianism over stresses liberty It produced the laissez faire view of economics and it always introduces inequalities some people becoming enormously wealthy and others languishing in poverty and destitution p 106 Free enterprise creates inequality If these conclusions seem preposterous to you you will want to order the latest Journal of Christian Reconstruction which contains my article showing how free enterprise economics came to the Puritan colonies iii the final years of the 17th century You will want to read Gordon Geddes essay on the Puritan view of death Greg Bahnsen s defense of biblical law against Merideth Kline s attack Rita Mancha s study of women in Calvinist thought Richard Flinn s essay on the Puritan concept of the family James Jordan s essay on Puritanism and music and David Chilton s defense of Oliver Cromwell Puritanism and Society will provide you with information which will enable you to decide whether Dr Lloyd Jones assessment is correct whether his view on 17th century Puritanism s outlook is truly heretical These three issues of The Journal have created considerable controversy The idea that Puritanism was essentially a package deal a comprehensive world and life outlook that affected all spheres of social life has alienated numerous self proclaimed neo Puritans This series has also driven another group to abandon the Puritan tradition and to adopt a kind of neo anabaptism to replace the older theonomic Puritan tradition The reprinting neo Puritans have faced a dual challenge either adopt the theonomic tradition which was fundamental to the Puritan movement or else abandon Puritanism s tradition in favor of new anabaptism Predictably they wish to do neither Yet to remain betwixt and between is to remain caught in a crossfire The interesting product of this immobility has been a narrowing of focus endless articles on the beneficial emotionalism of Puritanism and a stream of biographical articles primarily dealing with the less well known later preachers who have defended predestination but who had little or no lasting influence on Western culture and who were not

explicitly Puritan in their outlook *AFDC and Social Service Bills and Related Oversight Issues* United States. Congress. House. Committee on Ways and Means. Subcommittee on Public Assistance and Unemployment Compensation, 1984

**Japan and Christianity** John Breen, Mark Williams, 2016-07-27 Much has been written of the success of the early missions to Japan during the decades immediately following the arrival of the first Jesuits in 1549 The subsequent failure of the faith to put down roots strong enough to survive this initial wave of enthusiasm is discussed with equal alacrity The papers in this volume born of a Conference marking the centenary of the Japan Society of London represent an attempt to reassess the contact between Christianity and Japan in terms of a symbiotic relationship a dialogue in which the impact of Japan on the imported religion is viewed alongside the more frequently cited influence of Christianity on Japanese society Here is a dynamic cultural encounter examined by the papers in this volume from a series of political literary and historical perspectives The Living Church, 1943 *Essays in the History of Mainstream Political Economy* Warren J.
