Comprehension and Written Expression Year 4 Alan Horsfield, 2013 Excel Comprehension and Written Expression Year 4 is essential for any student wishing to improve their comprehension skills. It allows students to practice skills such as finding facts, making references, isolating relevant information, understanding questions and paragraphs, and using tables of contents, indexes, maps, and graphs to find information. The extracts are from a wide variety of genres to allow students to gain confidence in reading different materials. When the student completes the exercises in this book, she/he will have worked through a number of question types from a variety of text types. Rather than give a range of question types based on each passage, the focus in this book will be on developing the student's skill with a particular question type. The book is structured so that if there is a weakness, then the student can concentrate on that particular weakness and become competent without working through passages that may not contribute to the student's progress. In this book, your child will find over 60 graded units of stimulating exercises and extracts, a wide variety of questions including true or false, multiple choice, short answer, and sentence completion. Extracts from many different literary and factual text types, a lift out answer section.

The book contains sample questions covering all the main question types found in Year 4 general ability tests, a section of practice questions with hints on how to answer each different type of question, twelve practice tests to measure progress, Helpful advice for sitting general ability tests, answers to all questions plus explanations when required. The first section of this book introduces the student to the types of questions he/she can expect to meet in GA tests. This is followed by twelve GA tests. This book provides the opportunity for students to maximise their speed in answering GA questions by making them familiar and efficient with some of the types of questions they may encounter in such tests.

English Workbook Jane Baker, 2004 When you use Excel Basic Skills English Workbook Year 4, you will be practising recognising and writing many of the text types you learn at school. Several of the sample texts have been written by students in Year 4 and are good examples of what a Year 4 student can achieve. The Excel series of English Workbooks for Years 3-6 will help primary school students with the reading and writing they do every day at school in English and in other subjects. Each chapter is set out as a separate unit of work covering a different type of writing, text type, and contains exercises that relate to that particular text type. In this book, you will find eleven chapters, each set out as a unit of work covering a particular text type, such as narratives, letters, speeches, and information reports, including a chapter on writing for school projects, exercises, and activities in each chapter which are directly linked to the text type covered, practice in skills such as spelling, grammar, vocabulary, punctuation, and comprehension, interesting and relevant sample texts including many
