Basil In The Wild West:

Basil in the Wild West Eve Titus, 2017-02-07 Includes an excerpt from Basil and the lost colony [Christian Friendship in the Fourth Century](#) Carolinne White, 2002-04-18 Friendship was a quality valued highly in ancient Greece and Rome and was also regarded as highly significant in nascent Christianity Carolinne White's aim in this study is to describe and compare the ideas about friendship developed by the Christians whose culture was in many ways dependent upon its pagan background and thus to develop a coherent picture of how the concept of friendship was understood in the fourth century The Christian writers discussed are considered against the background of their personal lives and their relations with one another All of the writers considered had a profound influence on later ages as well as on their own period which means that the survey provided should be of wide interest both to ancient historians and theologians **World Record Mystery** Carolyn Keene, 2017-10-17 Nancy and her Clue Crew must help Katie who hopes to beat the world record for the Dance A Thon arcade game and find her lucky headband before she competes [The Authentic Wild West](#) James David Horan, 1976 Accounts by eyewitnesses and the outlaws themselves *The American West* Marjorie Godfrey, 1996 This book provides a structured analysis of how the American West was settled and developed between 1840 and 1895 Coverage includes the way of life of the Plains Indians the reasons why people went to the West and the role of the railways **The Chronicles of the Old West - 4 Historical Books Exploring the Wild Past of the American West** Emerson Hough, 2024-01-15 In *The Chronicles of the Old West* Emerson Hough invites readers into a vividly rendered tapestry of the American frontier exploring its triumphs tribulations and myths through four interconnected historical narratives Hough employs a rich descriptive literary style that reflects the ruggedness of the landscape and the indomitable spirit of its inhabitants weaving together personal stories with broader historical contexts The book captures the essence of the Wild West filled with cowboys outlaws and pioneers while maintaining a critical perspective on the complexities of American expansionism and cultural conflict of the time Emerson Hough a prominent American author and journalist of the early 20th century was deeply influenced by his experiences as a young man in the West which informed his understanding of its societal dynamics and struggles His extensive travels and firsthand observations provided him with a wealth of material to draw from as he sought to convey both the romance and the harsh realities of frontier life Hough's dedication to historical accuracy and nuanced storytelling reflects a commitment to preserving the legacy of this vital chapter in American history This compelling collection is not only an essential reading for enthusiasts of Western literature but also for anyone seeking to understand the roots of American identity Hough's masterful storytelling combined with rich historical detail makes *The Chronicles of the Old West* a vital contribution to the literature of the American experience inviting readers to engage with the complexities of a bygone era

The Zen Manifesto: Freedom From Oneself Osho, 2023-03-17 It is time ripe time for a Zen manifesto The Western intelligentsia have become acquainted with Zen have also fallen in love with Zen but they are still trying to approach Zen

from the mind They have not yet come to the understanding that Zen has nothing to do with mind Its tremendous job is to get you out of the prison of mind It is not an intellectual philosophy it is not a philosophy at all Nor is it a religion because it has no fictions and no lies no consolations It is a lion s roar And the greatest thing that Zen has brought into the world is freedom from oneself All the religions have been talking about dropping your ego but it is a very weird phenomenon they want you to drop your ego and the ego is just a shadow of God God is the ego of the universe and the ego is your personality Just as God is the very center of existence according to religions your ego is the center of your mind of your personality They have all been talking about dropping the ego but it cannot be dropped unless God is dropped You cannot drop a shadow or a reflection unless the source of its manifestation is destroyed *Bill Christian Private Investigator In: the Yadkin River*

Lewis,2003-01-01 The test of western literature has invariably been Is it real Is it accurate Authentic The result is a standard

anything but literary as Nathaniel Lewis observes in this ambitious work a wholesale rethinking of the critical terms and contexts and thus of the very nature of western writing Why is western writing virtually missing from the American literary canon but a frequent success in the marketplace The skewed status of western literature Lewis contends can be directly attributed to the strategies of the region s writers and these strategies depend consistently on the claim of authenticity A perusal of western American authorship reveals how these writers effectively present themselves as accurate and reliable recorders of real places histories and cultures but not as stylists or inventors The imaginative qualities of this literature are thus obscured in the name of authentic reproduction Through a study of a set of western authors and their relationships to literary and cultural history Lewis offers a reconsideration of the deceptive and often undervalued history of western American literature With unequivocal admiration for the literature under scrutiny Lewis exposes the potential for startling new readings once western writing is freed from its insistence on a questionable authenticity His book sets out a broader system of inquiry that points writers and critics of western literature in the direction of a new and truly sustaining literary tradition
