Combining ethnographic and archival research this book examines the lives of colonial period postcards and reveals how they become objects of contemporary historical imagination in India Picture postcards were circulated around the world in their billions in the early twentieth century and remained until the advent of social media unmatched as the primary means of sharing images alongside personal messages This book based on original research in Bengaluru shows that their lives stretch from their initial production and consumption in the early 1900s into the present where they act as visual and material mediators in postcolonial productions of history locality and heritage against a backdrop of intense urban change The book will be of interest to photographic historians visual anthropologists and art historians      Boekblad ,2000-04      Clarks: Made to Last Mark Palmer,2013-04-11

Clarks reach extends to all corners of the globe and yet it remains a family owned business firmly rooted in its Quaker origins unlike other well known Quaker firms like Cadburys now part of US giant Kraft Founded in 1825 by two brothers Cyrus and James Clark the company began as a rug making operation in the then tiny village of Street Somerset One day James Clark began making slippers from off cuts of rugs and found that people wanted to buy them Slippers became shoes and boots and a business was born Over the years it has had its ups and downs but it has always strived to remain true to its Quaker values in its commitment to the well being of its workforce and the local community Schools libraries and recreation halls were built and trade unions banned As the sun set on the British Empire Clarks opened up new frontiers across the world Clarks brand logo became one of the most famous in the world Every parent in the 1950s swore by Clarks shoes for their children as well as buying them for themselves But increased competition from within the UK and overseas saw concerns for the future heightened during the 1980s A hostile bid for the company in the early 1990s saw the board and the family split Eventually shareholders voted to reject the bid The company was reorganised with all its lines made outside the country This resulted in the closure of all its UK factories and the laying off of hundreds of Clarks employees But the outcome has been a transformation in the company s fortunes In 2010 its profits were over 100 million and its retro desert boots and other styles have become the height of fashion especially in China and America      **The Industrial Archaeology of Shropshire** Barrie Stuart Trinder,Barrie Trinder,1996      A Directory of Dealers in Secondhand and Antiquarian Books in the British Isles ,1984      **La batalla por las emociones. La tarjeta postal en las guerras mundiales** José Manuel López Torán ,2023-10-24

Las dos guerras mundiales han marcado un punto de inflexi n en la historia

blica tanto por su envergadura como por las implicaciones que han traído consigo. Sus consecuencias han tenido numerosas manifestaciones, muchas de ellas fácilmente perceptibles como la destrucción material de una larga lista de ciudades europeas o el colapso demográfico. Más desapercibidas han pasado las emociones que experimentaron aquellos millones de personas que se vieron inmersos en uno u otro conflicto ya que la atención la han acaparado con relativa frecuencia las operaciones militares. No obstante, el hecho de descender hasta las percepciones individuales que tuvieron quienes padecieron los horrores de las guerras nos ofrece un lugar privilegiado desde el que poder acceder a la realidad de los dos episodios bélicos. Si bien este acercamiento se puede llevar a cabo a través de fuentes documentales de distinta índole en la presente monografía se han elegido las tarjetas postales. Frente a otros soportes, estas pequeñas cartulinas ofrecen como principal ventaja su discurso doble puesto que se puede extraer información de suma importancia bien a través de las imágenes que ilustran los anversos o bien por medio de los mensajes escritos en los reversos. De esta manera, los tres ejes sobre los que se ha construido la presente obra son guerras mundiales, postales y emociones.

### **What the Victorians Made of Romanticism**

Tom Mole, 2020-06-09. This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers. Tom Mole provides a new reception history of Lord Byron, Felicia Hemans, Sir Walter Scott, Percy Bysshe Shelley, and William Wordsworth, one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories. He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history, memory, and media. Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology. He shows how illustrated books renovated Romantic writing, how preachers incorporated irreligious Romantics into their sermons, how new statues and memorials integrated Romantic writers into an emerging national pantheon, and how anthologies mediated their works to new generations. This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing, such as photographs, postcards, books, and collectibles that in turn remade the public's understanding of Romantic writers. Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns, *What the Victorians Made of Romanticism* reveals new histories of appropriation, remediation, and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences.

Divergent paths John Herson, 2015-06-01. This book is unique in adopting a family history approach to Irish immigrants in nineteenth-century Britain. It shows that the family was central to the migrants' lives and identities. The techniques of family and digital history are used for the first time to reveal the paths followed by a representative body of Irish immigrant families using the town of Stafford in the West Midlands as a case study. The book contains vital evidence about the lives of ordinary families. In the long term, many intermarried with the local population, but others moved away and some simply died out. The book investigates

what forces determined the paths they followed and why their ultimate fates were so varied A fascinating picture is revealed of family life and gender relations in nineteenth century England which will appeal to scholars of Irish history social history genealogy and the history of the family      **Directory of Publishing 2001** Continuum,2000 This book now in its 26th year is compiled in association with the U K Publishers Association It is the most authoritative detailed book trade directory for the U K and Commonwealth available It lists some 1 500 publishers in twenty one countries In addition the Directory offers in depth coverage of packagers literary agents trade and allied associations and services      Bibliography of Nautical Books Alan Obin,2000-02 This is the 15th annual edition of the Bibliography of Nautical Books a reference guide to over 14 000 nautical publications It deals specifically with the year 2000      In the Beauty of the Lilies John Updike,2006-06-01 Taking its title from the Battle Hymn of the Republic IN THE BEAUTY OF THE LILIES traces one family s profound journey through four generations and across the spiritual landscape of twentieth century America It is one of John Updike s fullest and finest work of fiction      *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1990      Current Catalog National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70      **The British National Bibliography** Arthur James Wells,2009      **Ottley's Bibliography of British Railway History.
