Basic Counseling Skills A Helpers Manual:

Basic Counselling Skills Richard Nelson-Jones, 2003 Basic Counselling Skills is a step by step guide for all who use counselling skills as part of their role. Counselling skills are used by professionals and volunteers to help others in a wide range of circumstances and settings including health care, social work, education and agencies which provide specific advice and support to the public. This book supports the training and practice of such helpers by providing a straightforward introduction. Divided into concise learning units, the book describes each skill and gives examples of its use in practice. Activities are also provided for practicing skills as they are introduced.

Basic Counselling Skills Richard Nelson-Jones, 2011-11-11 From leading skills expert Richard Nelson Jones, this third edition remains the most accessible and practical introduction to the basic counselling skills essential for the helping professions. Steeped in vivid case examples, experimental activities and therapeutic dialogue, this book provides a thorough step by step guide to the subject, working through each stage of the helping process. The key skills covered include: Starting, structuring and summarizing the helping process; Active listening; Offering challenges and feedback; Facilitating problem solving; Improving clients' self talk, rules and perceptions; Coaching, demonstrating and rehearsing; Managing resistance and changing referrals; Conducting middle sessions and terminating help. Accessible, practical and concise, this bestselling book also discusses ethical issues and dilemmas, multicultural and gender aware helping, providing a master class for anyone using counselling skills in the course of their work.

Basic Counselling Skills Richard Nelson-Jones, 2015-11-12 This practical bestseller from leading expert Richard Nelson Jones introduces the essential counselling skills for the helping professions. Now in its fourth edition, it guides you through the key skills for helping work across a range of settings such as counselling, nursing, social work, youth work, education and many more. It explores 17 key counselling skills including asking questions, monitoring, facilitating, problem solving, negotiating, homework. Each chapter describes a particular skill, illustrates it using clear case examples across a range of settings, and then helps you consolidate and practise what you've learned through a set of creative activities. Further chapters cover professional issues, including a new chapter on managing crises and chapters on ethical dilemmas, supervision, working with diversity and more.
