Back Talk From Appalachia Confronting Stereotypes:

Back Talk from Appalachia Dwight B. Billings, Gurney Norman, Katherine Ledford, While writing his book *Lost Mountain A Year in the Vanishing Wilderness* Erik Reece spent a great deal of time studying strip mining and its effect on the environment and surrounding communities After a year of exploring the ugliness of a rapidly disappearing landscape Reece felt a strong need to celebrate the wonder the Eastern broadleaf forests still have to offer The result is a collection of poems by individuals who share Thoreau's belief that the natural world is an unroofed church a place of reverence *Field Work Modern Poems from Eastern Forests* seeks an answer to Frost's question What to make of a diminished thing by contemplating work from some of the twentieth century's greatest nature poets Reece frames contemporary American poems with a rich selection of Chinese poetry from the Tang Dynasty written by poets who produced what many consider the first great nature writing More than 1300 years ago Li Po Tu Fu Wang Wei and Han Shan described a landscape in southern China remarkably similar in landscape and ecology to the forests of Appalachia Consequently their work has inspired many of the American poets featured in *Field Work* including Hayden Carruth Mary Oliver A R Ammons Jane Kenyon and Denise Levertov The modern poets in this collection share the eastern reverence for the natural world they desire to create a poetry of belonging of elemental contact with something much larger than the self These poems ask the reader to turn away from urban landscapes in an effort to better understand the natural world as a spectacular profound organism Wendell Berry for example praises the quiet and solitude of nature inspiring the reader to experience each poem in the setting for which it was written In *Field Work* Reece brings together a collection of poetry that calls readers out of doors as these poems become gateways to a natural world we are often too distracted to see *Talking Appalachian* Amy D. Clark, Nancy M. Hayward, 2014-08-29 Tradition community and pride are fundamental aspects of the history of Appalachia and the language of the region is a living testament to its rich heritage Despite the persistence of unflattering stereotypes and cultural discrimination associated with their style of speech Appalachians have organized to preserve regional dialects complex forms of English peppered with words phrases and pronunciations unique to the area and its people *Talking Appalachian* examines these distinctive speech varieties and emphasizes their role in expressing local history and promoting a shared identity Beginning with a historical and geographical overview of the region that analyzes the origins of its dialects this volume features detailed research and local case studies investigating their use The contributors explore a variety of subjects including the success of African American Appalachian English and southern Appalachian English speakers in professional and corporate positions In addition editors Amy D Clark and Nancy M Hayward provide excerpts from essays poetry short fiction and novels to illustrate usage With contributions from well known authors such as George Ella Lyon and Silas House this balanced collection is the most comprehensive accessible study of Appalachian language available today *A Handbook to Appalachia* Grace Toney Edwards, JoAnn Aust Asbury, Ricky L. Cox, 2024-07-31 Scholars who teach write or speak on the

history and culture of the Appalachian region are frequently asked by students administrators or colleagues to recommend a relatively short comprehensive book about Appalachia Until now there has been no interdisciplinary introductory text in Appalachian studies A Handbook to Appalachia comprises a collection of concise accessible overviews of the region written by top academics in a variety of fields all directed at a general audience Accompanied by dozens of inviting photographs the essays offer information to those becoming acquainted with Appalachia for the first time as well as to more experienced observers of the region The essays are arranged to show how various features of Appalachia are related Each essay is followed by a list of suggested readings for further study A Handbook to Appalachia provides a clear concise first step toward understanding the expanding field of Appalachian studies from the history of the area to its sometimes conflicted image from its music and folklore to its outstanding literature Chapters History The Peoples of Appalachia Natural Resources and Environment Economics Politics of Change Health Care Education Folklife Literature Religion Visual Arts and Appalachians Outside the Region

Hungry Roots Ashli Quesinberry Stokes, Wendy Atkins-Sayre, 2024-04-25 2025 North Carolina Humanities North Carolina Reads pick A journey through Southern Appalachia to explore the complex messages food communicates about the region Depictions of Appalachian food culture and practices often romanticize people in the region as good simple and often white These stereotypes are harmful to the actual people they are meant to describe as well as to those they exclude In Hungry Roots How Food Communicates Appalachia s Search for Resilience Ashli Quesinberry Stokes and Wendy Atkins Sayre tell a more complicated story The authors embark on a cultural tour through food and drinking establishments to investigate regional resilience in and through the plurality of traditions and communities that form the foodways of Southern Appalachia

Negotiating a Perilous Empowerment Erica Abrams

Locklear, 2011-11-19 In many parts of Appalachia family ties run deep constituting an important part of an individual's sense of self In some cases when Appalachian learners seek new forms of knowledge those family ties can be challenged by the accusation that they have gotten above their raisings a charge that can have a lasting impact on family and community acceptance Those who advocate literacy sometimes ignore an important fact although empowering newly acquired literacies can create identity conflicts for learners especially Appalachian women In *Negotiating a Perilous Empowerment* Erica Abrams Locklear explores these literacy initiated conflicts analyzing how authors from the region portray them in their fiction and creative nonfiction Abrams Locklear blends literacy studies with literary criticism to analyze the central female characters in the works of Harriette Simpson Arnow Linda Scott DeRosier Denise Giardina and Lee Smith She shows how these authors deftly overturn stereotypes of an illiterate Appalachia by creating highly literate characters women who not only cherish the power of words but also push the boundaries of what literacy means *Negotiating a Perilous Empowerment* includes in depth interviews with Linda Scott DeRosier and Lee Smith making this an insightful study of an important literary

genre **The People Versus Socialism** Stephen A. Smoot, 2020-07-14 After the fall of the Soviet Union and its global empire most observers assumed that the seventy year argument that socialism was superior to capitalism was over Socialism in its various forms Communism Maoism National Socialism and more had left such a legacy of tyranny war mass murder and human misery that few could imagine a world where young people would once again embrace the discredited ideas of Marx and his heirs And yet here we are in twenty first century America Proponents of Democratic Socialism find themselves inexplicably darlings of the media and political classes The People Versus Socialism is a powerful historical corrective a reminder to those who have forgotten or who never learned the enormous toll socialism laid upon humanity throughout the twentieth century This dangerous economic and social system left untold millions dead billions mired in war and poverty and the entire world under constant threat from ideologically driven tyrants and dictators The indictment is clear and the implications of ignoring history are frightening

Doubly Erased Allison E. Carey, 2023-07-01 The first book of its kind Doubly Erased is a comprehensive study of the rich tradition of LGBTQ themes and characters in Appalachian novels memoirs poetry drama and film Appalachia has long been seen as homogenous and tradition bound Allison E Carey helps to remedy this misunderstanding arguing that it has led to LGBTQ Appalachian authors being doubly erased routinely overlooked both within United States literature because they are Appalachian and within the Appalachian literary tradition because they are queer In exploring motifs of visibility silence storytelling home food and more Carey brings the full significance and range of LGBTQ Appalachian literature into relief Dorothy Allison's *Bastard Out of Carolina* and Alison Bechdel's *Fun Home* are considered alongside works by Maggie Anderson Doris Davenport Jeff Mann Lisa Alther Julia Watts Fenton Johnson and Silas House as well as filmmaker Beth Stephens While primarily focused on 1976 to 2020 Doubly Erased also looks back to the region's literary elders thoughtfully mapping the place of sexuality in the lives and works of George Scarbrough Byron Herbert Reece and James Still

Thornton Dill, Ruth Enid Zambrana, 2009-01-01 The United States is known as a melting pot yet this mix tends to be volatile and contributes to a long history of oppression racism and bigotry *Emerging Intersections* an anthology of ten previously unpublished essays looks at the problems of inequality and oppression from new angles and promotes intersectionality as an interpretive tool that can be utilized to better understand the ways in which race class gender ethnicity and other dimensions of difference shape our lives today The book showcases innovative contributions that expand our understanding of how inequality affects people of color demonstrates the ways public policies reinforce existing systems of inequality and shows how research and teaching using an intersectional perspective compels scholars to become agents of change within institutions By offering practical applications for using intersectional knowledge *Emerging Intersections* will help bring us one step closer to achieving positive institutional change and social justice *Battleground States* Michael Mooradian

Lupro, Stephen Swanson, 2009-10-02 Stemming from an interdisciplinary conference sponsored by Culture Club The Cultural Studies Scholars Association that included scholars from various disciplines and from around the world this volume collects the work of graduate students and junior faculty which all examine the meaning of cultural scholarship in an ever changing and increasingly global milieu These voices which often become marginalized and go unheard represent what we see as the futures of interdisciplinary academic work in the humanities The conference and this book are opportunities for scholars of diverse backgrounds and disciplines to come together and engage in a real dialogue with one another Bringing disparate thoughts on politics film television history policy and literature together counters the pressures pushing individuals to take political religious scholarly and ideological sides Through the efforts represented here we gain a distanced yet engaged view on the many threads that bind us together and the forces that seek to separate us Looking at this volume the reader encounters many different approaches from critical analysis of individual texts to autoethnography The contributors and compilers of this book do not place these in separate sections or in any hierarchy but rather wish that all of these appear on an equally vital level that displays the ways in which each of the subjects and approaches might open up a piece of culture in a way that draws attention to the connections between them all **Appalachia Revisited** Yunina

history of how coal miners and their families lived their religion in eastern Kentucky's coal fields during the early 20th century Callahan follows coal miners and their families from subsistence farming to industrial coal mining as they draw upon religious idioms to negotiate changing patterns of life and work He traces innovation and continuity in religious expression that emerged from the specific experiences of coal mining including the spaces and social structures of coal towns the working bodies of miners the anxieties of their families and the struggle toward organized labor Building on oral histories folklore folksongs and vernacular forms of spirituality this rich and engaging narrative recovers a social history of ordinary working people through religion

Tourism in the Mountain South C. Brenden Martin, 2007 C Brenden Martin examines tourism in the context of the transformation of transportation networks urban and rural community development and the changing role of government in regulating tourism Martin illustrates how tourism represents a double edged sword cutting both ways in its impact on the region It is a transformative force that has accelerated the modernization of the Mountain South in many ways and yet tourism has also provided the main economic rationale for the region's cultural historical and environmental preservation movements

BOOK JACKET The Routledge Companion to Literature of the U.S. South Katharine A. Burnett, Todd Hagstette, Monica Carol Miller, 2022-07-11 The Routledge Companion to Literature of the U S South provides a collection of vibrant and multidisciplinary essays by scholars from a wide range of backgrounds working in the field of U S southern literary studies With topics ranging from American studies African American studies transatlantic or global studies multiethnic studies immigration studies and gender studies this volume presents a multi faceted conversation around a wide variety of subjects in U S southern literary studies The Companion will offer a comprehensive overview of the southern literary studies field including a chronological history from the U S colonial era to the present day and theoretical touchstones while also introducing new methods of reconceiving region and the U S South as inherently interdisciplinary and multi dimensional The volume will therefore be an invaluable tool for instructors scholars students and members of the general public who are interested in exploring the field further but will also suggest new methods of engaging with regional studies American studies American literary studies and cultural studies

Confronting Appalachian Stereotypes Dwight B. Billings, Gurney Norman, Katherine Ledford, 1999 The essays provide a variety of responses from people who live or were born in the region Some examine the sources of Appalachian mythology in nineteenth and early twentieth century literature

Geographies of Sexualities Emily Kazyak, 2023-03-31 Focusing on locations as diverse as the rural southern United States Brazil Istanbul and South Korea this book advances our understandings about how lesbian bisexual and queer women navigate identity community and politics It brings together international scholars whose work addresses how meanings about sexuality and place intertwine The chapters in this edited volume challenge the assumption that certain places are inhospitable to LGBTQ lives by examining the varied ways that expressions of same sex sexualities manifest across contexts They explore questions about how and why the spaces for lesbian bisexual and queer identified women are shifting They take

us to spaces as varied as women only exotic dance venues dyke bar commemoration events and queer friendly college campuses By doing so the scholars in this volume provide cutting edge rigorous and interdisciplinary insights about what queer spaces might look like in the future This book will be valuable to students and scholars interested in Sociology Gender Studies Geography and LGBTQ Studies The chapters in this book were originally published as a special issue of the Journal of Lesbian Issues

All-American Redneck Matthew J. Ferrence, 2014-03-30 Examining the icon's foundations in James Fenimore Cooper's Natty Bumppo an ideal white man free of the boundaries of civilization and the degraded rural poor of Erskine Caldwell's Tobacco Road Matthew Ferrence shows how Redneck stereotypes were further extended in Deliverance both the novel and the film and in a popular cycle of movies starring Burt Reynolds in the 1970s and 80s among other manifestations As a contemporary cultural figure the author argues the Redneck represents no one in particular but offers a model of behavior and ideals for many Most important it has become a tool reductive confining and sometimes almost liberating by which elite forces gather and maintain social and economic power Those defying its boundaries as the Dixie Chicks did when they criticized President Bush and the Iraq invasion have done so at their own peril

The Rhetoric of Appalachian Identity Todd Snyder, 2014-06-04 In this work the various ways that social economic and cultural factors influence the identities and educational aspirations of rural working class Appalachian learners are explored The objectives are to highlight the cultural obstacles that impact the intellectual development of such students and to address how these cultural roadblocks make transitioning into college difficult Throughout the book the author draws upon his personal experiences as a first generation college student from a small coalmining town in rural West Virginia Both scholarly and personal the book blends critical theory ethnographic research and personal narrative to demonstrate how family work histories and community expectations both shape and limit the academic goals of potential Appalachian college students

The Appalachian Frontier John Anthony Caruso, 2003 John Anthony Caruso's *The Appalachian Frontier* first published in 1959 captures the drama and sweep of a nation at the beginning of its westward expansion Bringing to life the region's history from its earliest seventeenth century scouting parties to the admission of Tennessee to the Union in 1796 Caruso describes the exchange of ideas values and cultural traits that marked Appalachia as a unique frontier Looking at the rich and mountainous land between the Ohio and Tennessee Rivers *The Appalachian Frontier* follows the story of the Long Hunters in Kentucky the struggles of the Regulators in North Carolina the founding of the Watauga Transylvania Franklin and Cumberland settlements the siege of Boonesboro and the patterns and challenges of frontier life While narrating the gripping stories of such figures as Daniel Boone George Rogers Clark and Chief Logan Caruso combines social political and economic history into a comprehensive overview of the early mountain South In his new introduction John C Inscoe examines how this work exemplified the so called consensus school of history that arose in the United States during the cold war Unabashedly celebratory in his analysis of American nation building Caruso shows how the development of Appalachia fit

into the grander scheme of the evolution of the country While there is much in *The Appalachian Frontier* that contemporary historians would regard as one sided and romanticized Inscoe points out that those of us immersed so deeply in the study of the region and its people sometimes tend to forget that the white settlement of the mountain south in the eighteenth century was not merely the chronological foundation of the Appalachian experience As Caruso so vividly demonstrates it is also represented a vital even defining stage in the American progression across the continent The Author John Anthony Caruso was a professor of history at West Virginia University He died in 1997 John C Inscoe is professor of history at the University of Georgia He is editor of *Appalachians and Race The Mountain South from Slavery to Segregation* and author of *Mountain Masters Slavery and the Sectional Crisis in Western North Carolina*
