Upaniṣads Patrick Olivelle, 1998 The Upaniṣads are the central scriptures of Hinduism They represent some of the most important literary products in the history of Indian culture and religion both because they played a critical role in the development of religious ideas in India and because they are our greatest source for the religious social and intellectual history of ancient India Composed at a time of great social economic and religious change the Upaniṣads document the transition from the archaic ritualism of the Veda into new religious ideas and institutions The first major English translation of the ancient Upaniṣads for over half a century Olivelle's work incorporates the most recent historical and philological scholarship The introduction and detailed notes make this edition ideal for the non specialist as well as for students of Indian religions Official Gazette of the United States Patent Office United States. down the line two days before I had noted a gang of navvies at work on the culvert and among them as they stood aside to let the train pass I had recognised my friend Joby Tucker their ganger and an excellent fellow to boot Therefore my eyes were alert as we approached the curve that opens the meadow into view and as I am a Christian man living in the twentieth century I saw this Vision I beheld beneath the shade of the midmost oak eight men sitting stark naked whereof one blew on a flute one played a concertina and the rest beat their palms together marking the time while before them in couples on the sward my gang of navvies rotated in a clumsy waltz watched by a ring of solemn ruminant kine I saw it The whole scene barring the concertina and the navvies clothes might have been transformed straight from a Greek vase of the best period Here in this green corner of rural England on a workaday afternoon a Wednesday to be precise in full sunlight I saw this company of the early gods sitting naked and unabashed and piping while twelve British navvies danced to their music I saw it and a derisive whistle from the engine told me that driver and stoker saw it too I was not dreaming then But what on earth could it mean For fifteen seconds or so I stared at the Vision and so the train joggled past it and rapt it from my eyes **The Student's Journal** ,1889 English Patents of Inventions, Specifications ,1872 **The American Rifle** Townsend Whelen,1918
