Parliament. House of Commons. Treasury Committee, 2008 This report HCP 183 1 session 2007 08 ISBN 9780215520593 from the Treasury Committee examines the process of counting the population and the problems faced by local authorities in estimating what is a highly mobile population in their areas A number of these problems became visible during the 2001 Census The Committee states that the methodology for estimating local populations between each census is not fit for purpose because the statistics fail to take proper account of internal migration A consequence of this is that local authority funding is based on inadequate information The Committee recommends that the newly established Statistics Authority should devise a more accurate method to reflect the local population and the effects of internal migration Further the Committee raises concerns about the use of the International Passenger Survey in estimating international migration and that a new survey is required to provide a more accurate measurement of international movements The Committee also states that the development of computerised administrative records in the UK requires the Government to put in place strong ethical safeguards to protect personal information Also the Government and the Statistics Authority need to push ahead with the production of the national address register to underpin the accuracy of the 2011 Census Finally the Committee believes the traditional census has had its day and the Statistics Authority needs to set out a strategic objective to ensure that the data gathered throughout the UK can be used to produce annual population statistics that are of a quality to enable the 2011 Census to be the last census in the UK where the population is counted through census forms For the Written evidence to this Volume see HCP 183 II session 2007 08 ISBN 9780215038036 **For the Love of Horror** Michael Arruda, 2018-06-28 FOR THE LOVE OF HORROR is Stoker nominated author Michael Arruda's first short story collection It contains fifteen short stories seven reprints and eight original stories plus a wraparound story that ties everything together It's written with the old Amicus anthology horror movies in mind films like DR TERRORS HOUSE OF HORRORS 1965 and THE HOUSE THAT DRIPPED BLOOD 1971 It's a love story but it's actually more of an anti love story The folks in these stories make more mistakes and handle relationships in such appalling ways well let's put it this way if you do the opposite of what most of the characters do in these stories you'll be in good shape Then again you can do everything right and your relationship can still go down the toilet It's the nature of the relationship beast and it's one of the themes of FOR THE LOVE OF HORROR Men and women want to be involved with each other Men and women need to be involved with each other But more often than not it's not a pretty process And
