Back To Basics For The Republican Party:

Back to Basics for the Republican Party Michael Zak, 2003 Back to Basics for the Republican Party is a history of the GOP from the Republican point of view explaining how the party of Emancipation and 40 acres and a mule developed through the Clinton presidency See www.republicanbasics.com for more information **Bamboozled** Angela McGlowan, 2009-08-17 Which political party gave rise to the Ku Klux Klan Which political party opposed extending the vote to women Which political party attempted to filibuster and kill the Civil Rights Act of 1964 Which political party in 2007 tapped as President Pro Tempore of the Senate a former Klansman Hint It wasn't the Republicans Bamboozled demolishes once and for all the lies Liberals use to manipulate and exploit Latinos women and blacks Based on a mountain of research and personal interviews with top leaders and insiders McGlowan dismantles Democrat deceptions and exposes Liberal lies including How the Democratic Party erased its racist past and created an illusion of inclusion on Civil Rights The scheme Liberals ran to convert minorities into loyally supporting a political party that despises their most deeply felt values Why what's bad for families is great for Liberals How Liberals love affair with criminal leniency destroys the very communities Liberals claim to protect How Liberal economic policies bankrupt blacks loot Latinos and wreck women's wallets Unveiling the Left's racist past and exploitative present McGlowan points all Americans toward a bamboozle free future Grand Old Party Lewis L. Gould, 2012 This highly readable narrative history of the Republican Party profiles the G O P from its emergence as an antislavery party during the 1850s to its current place as champion of political conservatism *America Ascendant* Stanley B. Greenberg, 2025-10-16 America is poised to lead the 21st Century as it led the 20th That will happen because the country is at a tipping point in the battle for its own renewal a renewal that will allow America to be exceptional again Our economy is on the move fueled by revolutions in energy immigration innovation big data and advanced manufacturing America's energy independence has set off shockwaves Just as important are the social transformations that are making the country ever more racially and culturally diverse younger a home to immigrants and the metropolitan centers that foster a rising economic and cultural dynamism While most other countries struggle profoundly with immigration and religious and racial differences America's on a path to multicultural identity Those revolutions in the economy society and culture and are also producing a new American majority that embraces new values and new politics Republicans are waging a counter revolution and that is why America looks gridlocked and why the country is turning to Democrats to take on the country's growing challenges The economic and social transformations leave people struggling to earn enough and reach the middle class Families are under stress Government is corrupted by big money The American public is demanding the country address the dark side of our progress and reforms are starting to happen That is why Democrats will get to lead an era of reform and renewal comparable to the progressive era that mitigated the excesses of the Industrial Revolution In this incisive book expert strategist Greenberg draws on years of research and polling to illuminate how America is far from being gridlocked

and he articulates a powerful vision of how American politics and America can be renewed **The Concise Princeton Encyclopedia of American Political History** Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-28 Contains 150 articles that provide information about significant topics in American political history including ideas philosophies movements economics religion and more **Winning the White House, 2008** K. McMahon, 2009-08-31 What does it take to win the White House This book helps students understand both the issues and how and why people vote for one candidate After discussing the dynamics of the primary campaigns the authors examine three broad sets of issues that play a key role in voting foreign policy domestic policies and the culture wars This sets the foundations for an examination of regional similarities and differences in voting patterns as the varying salience and valence of issues whether general or specific is explored across and within regions Special attention is paid to battleground states Drawing on concepts from political science this book advances students understanding both of the field and the phenomenon **Official Reports of the Supreme Court** United States. Wagner, 2000 *Letters to the (Would Be) President (9/09/08 to 8/29/09)* Turnin A. Hausround, 2010-01-11 A TOTALLY VITAL BOOK about the contentious 2008 election and the first year of the New Audacity of Hope President The Insights in this book are staggeringly predictive and dead on in their accuracy This book will shake you up and reset your views on life and the election A MUST READ *Deciding Communication Law* Susan Dente Ross, 2004-05-20 This clearly written and well focused volume combines concise decisions of the primary areas of communication law with the foundational case decisions in those domains Thus in one volume students of communication law constitutional law political science and related fields find both the key rulings that define each area of law and a detailed summary of the legal concepts doctrines and policies so vital to understanding the rulings within their legal context The text forgoes the tendency to provide encyclopedic treatment of all the relevant cases and focuses instead on the two or three cases most vital to an accurate and informed understanding of the current state of each field of communication law The chapters provide readers with the most salient concepts and the necessary depth to understand the law while permitting most reading time to be directed to the law itself Full text rulings

allow readers to immerse themselves in the law itself to develop a feel for its complexity its flexibility and its language Useful as a quick reference to the landmark rulings and the jurisprudence of communication law this book also serves well as the primary text in related undergraduate courses or as a supplemental text in graduate classes in the field **School Board Battles** Melissa M. Deckman,2004-02-27 If there is a culture war taking place in the United States one of the most interesting if under the radar battlegrounds is in local school board elections Rarely does the pitch of this battle reach national attention as it did in Kansas when the state school board led by several outspoken conservative Christians voted to delete evolution from the state s science curriculum and its standardized tests in August 1999 That action rattled not only the educational and scientific communities but concerned citizens around the nation as well While the movement of the Christian Right into national and state politics has been well documented this is the first book to examine their impact on local school board politics While the Kansas decision was short lived during the past decade in school districts around the country conservative Christian majorities have voted to place limits on sex education to restrict library books to remove references to gays and lesbians in the classroom and to promote American culture as superior to other cultures *School Board Battles* studies the motivation strategies and electoral success of Christian Right school board candidates Based on interviews and using an extensive national survey of candidates as well as case studies of two school districts in which conservative Christians ran and served on local boards Melissa M Deckman gives us a surprisingly complex picture of these candidates She reveals weaker ties to national Christian Right organizations and more similarities between these conservative candidates and their more secular counterparts than might be expected Deckman examines important questions Why do conservative Christians run for school boards How much influence has the Christian Right actually had on school boards How do conservative Christians govern *School Board Battles* is an in depth and in the trenches look at an important encounter in the culture war one that may well determine the future of our nation s youth **New Sexual Agendas** Lynne Segal,2015-12-22 *New Sexual Agendas* tackles the urgent practical and theoretical challenges in the area of gender and sexuality Leading theorists activists and clinicians including Bob Connell Adam Sinfield Leonore Tiefer and Jeffrey Weeks encourage a creative exchange of knowledge across different research and applied perspectives This volume highlights the intensity of the feelings generated by the changes occurring in sexual and gender relations while signalling the possibilities for new strategies encompassing diversity and choice **Left and Right** Ana Rita Ferreira,João Cardoso Rosas,2014-01-08 The great dichotomy between left and right has been a feature of pluralist politics since its emergence in modern times Left and right are also central to the understanding of the political history of the twentieth century and may be gaining renewed visibility in the context of the current economic crisis both in Europe and beyond Should scholars think once again with and within the dichotomy or can they think better beyond its strictures The contributions to this volume provide answers to these and other questions in ways that are theoretically sound and empirically informed **Trainwreck** Bill Press,2008-03-31 A news

commentator explains how the conservative movement went awry and traces its rise and fall from Robert Taft and Ronald Reagan to George W Bush looking at the budget deficits spending overruns and corruption that has resulted from its missteps

AMERICA COULD BE BEAUTIFUL Dr. George B. Bailey, Jr.,2013-11-18 In times like these no American who truly love the United States of America cannot honestly say our nation is being lead in the wrong direction from the White House the Senate and the House of Representatives And with the support of liberal media and progressive Americans our core values Constitution God family and nation are being devalued in thought word and deed Thusly our nation has begun to embrace every idol worship that was forbidden by our Sovereign Creator God Now observe what we use to lo be in the eyes of our Founding Fathers under the power of God and four hundred later what we have gradually become a godless nation in every institution that was founded on biblical teaching The present mirror that reflects our ugly disposition and marred image is not a picture that cannot be changed from Ugly to Beautiful just by making a U Turn back to God who created us I His image then said is good America we do not have to continue living as slaves to a corrupt evil and doctoral leadership for we have been blessed with so much goodness from God as a fee people to be threaten to act a fool in fear of the very people we elected to political office It is far past a human solution that will correct our problem so we are desperately need of God s divine intervention that is if we are desirous to be beautiful again in our conduct that brings honor and glory unto God family and country
