To which are added, General Sherman's Evidence before the Congressional Committee on the Conduct of the War, etc** William Tecumseh SHERMAN,1865 **General Sherman's Official Account of His Great March Through Georgia and the Carolinas** William Tecumseh Sherman,1865 , *House Documents* United States House of Representatives,1865 *Systems of Violence, Second Edition* Nazih F. Richani,2013-07-10 This book examines the political economic and military factors that have contributed to thirty seven years of protracted violent conflict in Colombia Using four years of field research and more than two hundred interviews Nazih Richani examines Colombia s war system the systemic interlacing relationship among actors in conflict their respective political economy and also the overall political economy of the system they help in creating Several key questions are raised including when and why do some conflicts protract and what types of socioeconomic and political configurations make peaceful resolutions difficult to obtain Also addressed are the lessons of other protracted conflicts such as those found in Lebanon Angola and Italy In this expanded second edition Richani contributes new chapters looking at developments in Colombia since the book s initial publication a decade ago and a look at the challenges for peace that lie ahead **The War with the South** Robert Tomes,Benjamin G. Intra-State Conflict, Governments and Security Stephen M. Saideman,Marie-Joelle J. Zahar,2008-05-29 This volume seeks to understand the central role of governments in intra state conflicts The book explores how the government in any society plays two pivotal roles as a deterrent against those who would use violence and as a potential danger to the society These roles come into conflict with each other as those governments that can best deter potential rebels are also those that can do the most harm to their citizens Therefore a balance must be achieved raising difficult tradeoffs for policy makers This volume marks a departure from studies of ethnic conflict and civil war in recent years which have focused on failed states in considering the idea that governments themselves may be the source of violence The contributors not only explore the balancing act that governments must perform but also on the positive and negative roles that the international community can play in these conflicts In doing so the book covers a range of cases from both advanced and newer democracies to the most conflict prone parts of the world **Insurgent Fragmentation in the Horn of Africa** Michael Woldemariam,2018-02-15 This extended treatment of insurgent fragmentation provides an innovative new theory tested through analysis of the Horn of Africa s civil wars *Correspondence Concerning Claims Against Great Britain: Enforcement of neutrality. Rebel cruisers* United States. Department of State,1869 *Federal Supplement* ,1974

Conflict Among Rebels Costantino Pischedda,2020-11-24 Why do rebel groups frequently clash instead of cooperating

against their shared enemy the state This pattern occurs in conflicts around the world yet it flies in the face of common notions of strategic logic Weaving together insights from international relations theory and the study of ethnic politics Costantino Pischedda presents an original theory to unravel the puzzle of inter rebel conflict Examining the dynamics of civil wars in Iraq Ethiopia Lebanon Sri Lanka and Syria Pischedda argues that infighting is a calculated response by rebel groups to perceived opportunities and vulnerabilities Conflicts break out between groups when one sees the potential to eliminate weaker rivals at a low cost or fears the deterioration of its power relative to a competitor and embarks on a desperate gamble Counterintuitively Pischedda finds that rebels sharing an ethnic identity are especially prone to violent conflict as they see each other as both potential existential threats and enticing opportunities for expansion Since coethnic rebels aspire to control the same community their antagonism is stark and immediate In addition insurgents expect to be able to draw on the resources of defeated rivals from the same ethnic group more easily than they could on those of outsiders Marshaling a range of data Pischedda s mixed methods study features original interviews conducted with former insurgent leaders The first book length examination of inter rebel fighting *Conflict Among Rebels* sheds new light on a key question of civil war dynamics why the enemy of my enemy is not always my friend **The Rebel's Daughter** John Gabriel Woerner,1899 *A Rebel's Treatise On Understanding God* ,2013 A theological treatise that endeavours to reconcile everyday questions about belief in God through a cheeky opinionated prose **House documents** ,1891 **The American Annual Cyclopedia and Register of Important Events of the Year ...** ,1869 **The American Annual Cyclopædia and Register of Important Events ...** ,1866 Appletons' Annual Cyclopedia and Register of Important Events ,1873
