Art & Money Aubrey Menen,1980 **Encyclopedia of British Writers, 1800 to the Present** George Stade,Karen Karbiener,2010-05-12 Contains alphabetically arranged entries that provide biographical and critical information on major and lesser known nineteenth and twentieth century British writers and includes articles on key schools of literature and genres **Encyclopedia of British Writers** Christine L. Krueger,2014-07 This concise encyclopedic reference profiles more than 800 British poets *Political Blind Spots* Raphael Sassower,Louis Cicotello,2006-01-01 In order to better understand the conditions of the twenty first century Raphael Sassower and Louis Cicotello revisit the twentieth century in *Political Blind Spots* Reading the Ideology of Images Sassower and Cicotello revisit some of the most significant periods in art and politics in the twentieth century paying close attention to the relationship between aesthetics and politics The New York Times Book Review ,1988-07 **Book Review Digest** ,1992 Library Journal Book Review 1980 Jaques Cattell Press,1983-06 **Commodification and Its Discontents** Nicholas Abercrombie,2020-10-14 Should human organs be bought and sold Is it right that richer people should be able to pay poorer people to wait in a queue for them Should objects in museums ever be sold The assumption underlying such questions is that there are things that should not be bought and sold because it would give them a financial value that would replace some other and dearly held human value Those who ask questions of this kind often fear that the replacement of human by money values a process of commodification is sweeping all before it However as Nicholas Abercrombie argues commodification can be and has been resisted by the development of a moral climate that defines certain things as outside a market That resistance however is never complete because the two regimes of value human and money are both necessary for the sustainability of society His analysis of these processes offers a thought provoking read that will appeal to students and scholars interested in market capitalism and culture
