Sexual Politics in the Biblical Narrative Esther Fuchs, 2003-04-01 This book is for anyone interested in religious studies and women's studies as well as for biblical scholars It offers a feminist oppositional reading of the biblical text The main argument is that the Bible constructs a fictional universe in which women are shown to be intent on promoting male interests and for the most part appear as secondary characters whose voice and point of view are often suppressed In their limited roles as mothers wives daughters and sisters women are constructed as male dependent pawns intent on securing the status of their male counterparts The Biblical narrative highlights the contribution of women as reproductive agents and protectors of sons In this challenging collection of essays Fuchs focuses on type scenes as a way of

demonstrating the mechanisms by which the texts validates male power and superiority She also deconstructs the Biblical sexual politics by asking whose interest is being served by the good women of the Bible Journal for the Study of the Old Testament Supplement series Volume 310 **Politics, Gender, and the Arts** Ronald L. Dotterer, Susan Bowers, 1992

Festivals as Reparative Gender Politics Zorica Siročić, 2023-08-18 What explains the popularity and widespread appeal of numerous post Yugoslav feminist and LGBTQ festivals in the last decade This book argues that the millennial generation expresses reparative politics as a distinct type of activism through festivals Reparative political acting as identified here characteristically relies on playfulness and creativity interpretative gender dissent acceptance of organizational and programmatic messiness and hybridity belonging and positive affect The reparative politics is vital in a context that is marked by an individual and collective trauma of heteropatriarchy violent breakdown of the common state and post transitional economic precarity The book uses excerpts from programs interviews and observations collected through the multi sited ethnographic research Siro i s focus on contemporary activism in Southeastern Europe challenges the narrow geopolitical understanding of the recent feminist politics and refutes the common assumptions of a passive millennial generation Yet the book s relevance surpasses its area of study as it argues against the popular deriding of activist expressions as the merely cultural or merely aesthetic engagement In contrast the book claims that such activities urge a redefined understanding of political agency Festivals as Reparative Politics demonstrates that contemporary feminist festivals represent a distinct reformulation of contentious politics of gender whose constitutive principles can be exemplary for other types of political engagements **The Art of the Animal** Kathryn Eddy, L.A.
