Armann And Gentle:

Stutter Marc Shell,2009-06-30 In a book that explores the phenomenon of stuttering from its practical and physical aspects to its historical profile to its existential implications Shell who has himself struggled with stuttering all his life plumbs the depths of this murky region between will and flesh intention and expression idea and word Looking into the difficulties encountered by people who stutter as do fifty million world wide Shell shows that stutterers share a kinship with many other speakers both impeded and fluent This book takes us back to a time when stuttering was believed to be diagnosis induced then on to the complex mix of physical and psychological causes that were later discovered Ranging from cartoon characters like Porky Pig to cultural icons like Marilyn Monroe from Moses to Hamlet Shell reveals how stuttering in literature plays a role in the formation of tone narrative progression and character From publisher description *A History of Icelandic Literature* Daisy L. born Kinship in Old Norse Myth and Legend Katherine Marie Olley, 2022 This wide ranging study offers a new understanding of Old Norse kinship in which the individual self was expanded to encompass its kin Family interactions in Old Norse myth and legend were often fraught competitive even violent as well as loving protective and supportive Focusing particularly on intergenerational relationships in the legendary sagas the Poetic Edda and Snorra Edda this book reveals not only why ambivalence was so characteristic of mythic heroic kinship relations but how they were able to endure even thrive in spite of such pressures Close attention is paid to the way gender inflects the dynamic between parents and their children and to the patronymic naming system which prevailed in Old Norse society while outdated assumptions about the existence of a special relationship between a man and his sister's son inherited from earlier Germanic society are reassessed for the first time in decades What emerges from this wide ranging study is a new understanding of Old Norse kinship as a dynamic transpersonal process rather than a presocial fact in which the individual self was expanded to encompass its kin Taking the lead from recent anthropological research into kinship and with exciting implications for our understanding of Old Norse personhood emotions and the life course this book challenges its readers to rethink many of the basic ontological assumptions which they bring to their interpretations of Old Norse myth and legend Armann and Gentle Kristin Steinsdóttir, 1997-01-01 Armann is six years old and sometimes has a problem when he speaks but his cat understands everything *Shaping the Future* Trausti Valsson, 2017-04-04 This book is an auto biography of Trausti Valsson an Icelandic architect planner theoretician and a professor of planning at the University of Iceland It gives a personal account of what shaped planning and design in the world and in Iceland as he experienced it in his lifetime Valsson e g tells about his personal encounter with Ian McHarg Buckminster Fuller and Christopher Alexander Early TV started working on a future plan for Iceland consisting for example of roads connecting Iceland's settlements across the Central Highlands He also started an overlay mapping project mapping both the hazard and resource areas of the country which created a basis for his Iceland Plan proposals Work on this he continued at Berkeley and at the University of Iceland as he started teaching there in 1988 Many of his articles and books deal with this subject In 1980 Valsson started his PhD studies in Environmental Planning at UC Berkeley California In the philosophical section of his dissertation he presented his argument that the Western mechanistic worldview was the underlying cause for today's alienation and that more holistic and integrative schemes were inherent in Eastern worldviews TV's dissertation is called A Theory of Integration for Design and Planning Based on the Concept of Complementarity 1987 In 1988 a year after Valsson returned to Iceland he got an associate professor position in planning at the Engineering Faculty of the University of Iceland and later a tenured professor position The last part of this book describes Valsson's 27 years at the University The title of this present book *Shaping the Future* Ideas Planning Design reflects how wide Valsson's field of his operation has been The Pets Bragi Ólafsson, 2008 Back in Reykjavik after a vacation in London Emil Halldorsson is waiting for a call from a beautiful girl Greta that he met on the plane ride home and

Manning, 2025-07-04 George C Manning examines the presentation of anger in the slendingas gur Sagas of Icelanders and associated slendinga ttir Tales of Icelanders a remarkable Old Norse Icelandic corpus of texts written down in the thirteenth and fourteenth centuries that detail conflicts and feuds of Icelanders during the late ninth tenth and early eleventh centuries It first shows how various unqualified involuntary somatic responses facial expressions and bodily movements frequently indicate angry experience in the sagas before arguing that anger s mode of expression is contingent on a character s sociocultural identity Through close analysis of how five groups of characters men women elderly men berserkir raging warriors and sovereign figures exhibit anger the book demonstrates that these different character groups experience and express emotion in different ways in accordance with strict social rules they adhere to different emotive scripts to use Sif R khar sd ttir s term Importantly the book shows through analysis of how these identities experience anger that emotions institute and uphold gender configurations its primary focus therefore is the nexus between anger and gender Manning argues that anger is seen as a weakness for most male characters while female characters elderly men berserkir and sovereign figures can exhibit anger without opprobrium and often use it to their advantage It demonstrates how anger plays a key role in establishing or resolving narrative tensions in the sagas and deepens our understanding of the Old Norse Icelandic terms that saga authors use to communicate anger The work the first book length investigation of anger in the Sagas of Icelanders thus functions as a major intervention into the fields of both emotion and gender studies in medieval literature *Sweet Suzie's Sensational Foodies* Kelly Armann, 2019-06-03 *Sweet Suzie s Sensational Foodies* by Kelly Armann The Prosimetrum of the Íslendingasögur Brynja Þorgeirsdóttir, Stefanie Gropper, Judy Quinn, Alexander Wilson, 2024-12-02 Verse quotation is intrinsic to the literary style of the medieval Icelandic corpus of slendingas gur sagas of Icelanders one of the most important vernacular literary genres of the European Middle Ages The essays collected in this volume demonstrate that the combination of prose and verse constitutes a distinctive literary aesthetic and that in the medieval Icelandic literary tradition it was not a question of choosing between prose and verse as the vehicle for stories about the foundational generations of

settlers on the island but of combining both modes to forge the unique literary form of the saga Verse quotation has always been recognised as an important aspect of the slendingas gur but to date the significance of verse to the aesthetic of the narrative has mainly been explored with reference to the sub genre of the sk lidas gur sagas of poets in which the proportion of verse to prose is at its highest The contributions to the volume analyse the slendingas gur as prosimetrum that is they treat the combination of verse and prose as a salient generic and aesthetic feature of this body of sagas The contributors are leading scholars in the field of Old Norse studies and their work represents current research trends in the UK USA Iceland Denmark and Germany Their innovative approaches will enable a better understanding on the literary mode of the corpus as a whole as well as producing fresh insights into the compositional habits of the anonymous authors of individual sagas
