The Morality of Self-Defense and Military Action David B. Kopel, 2017-02-16 Shedding new light on a controversial and intriguing issue this book will reshape the debate on how the Judeo Christian tradition views the morality of personal and national self defense Are self defense national warfare and revolts against tyranny holy duties or violations of God s will Pacifists insist these actions are the latter forbidden by Judeo Christian morality This book maintains that the pacifists are wrong To make his case the author analyzes the full sweep of Judeo Christian history from earliest times to the present combining history scriptural analysis and philosophy to describe the changes and continuity of Jewish and Christian doctrine about the use of lethal force He reveals the shifting patterns of thought in both religions and presents the strongest arguments on both sides of the issue The book begins with the ancient Hebrews and Genesis and covers Jewish history through the Holocaust and beyond The analysis then shifts to the story of Christianity from its origins through the Middle Ages and the Reformation up to the present day Based on this scrutiny the author concludes that contrary to popular belief the legitimacy of self defense is strongly supported by Judeo Christian scripture and commentary by philosophical analysis and by the respect for human dignity and human rights on which both Judaism and Christianity are based **The Publishers' Circular and Booksellers' Record** ,1910 *Publishers' Circular and Booksellers' Record of British and Foreign Literature*
