## **Arnold Zweig:**

Arnold Zweig George Salamon, 1975      **Austrian Exodus** Edward Timms, Ritchie Robertson, 1995 Following the German annexation of Austria in 1938 and the intensified persecution of the Jews the British and American governments relaxed their restrictions on immigration and issued entry visas to tens of thousands of German speaking refugees The resulting exodus can be seen as the most significant cultural migration of modern times For the majority of the refugees from National Socialism came from educated backgrounds and they included some of the most gifted members of the cultural elite The remarkable contributions made by refugees from Austria to the cultural life of the English speaking world form the subject of this book which reviews the achievements both of refugee organisations and of outstanding individual authors including Stefan Zweig Erich Fried Hilde Spiel Josef Fraenkel Felix Pollak and Elias Canetti Their commitment to the struggle against fascism exemplified by the political cartoons of Joseph Otto Flatter also provided an inspiration for the restoration of Austrian independence after the defeat of Nazi Germany Book Jacket

**Zionism and Revolution in European-Jewish Literature** Laurel Plapp, 2008 Zionism and Revolution in European Jewish Literature examines twentieth century Jewish writing that challenges imperialist ventures and calls for solidarity with the colonized most notably the Arabs of Palestine and Africans in the Americas Since Edward Said defined orientalism in 1978 as a Western image of the Islamic world that has justified domination critics have considered the Jewish people to be complicit with orientalism because of the Zionist movement However the Jews of Europe have themselves been caught between East and West both marginalized as the Orientals of Europe and connected to the Middle East through their own political and cultural ties As a result European Jewish writers have had to negotiate the problematic confluence of antisemitic and orientalist discourse Laurel Plapp traces this trend in utopic visions of Jewish Muslim relations that criticized the early Zionist movement in post Holocaust depictions of coalition between Jews and African slaves in the Caribbean revolutions and finally in explorations of diasporic transnational Jewish identity after the founding of Israel Above all Plapp proposes that Jewish studies and postcolonial studies have much in common by identifying ways in which Jewish writers have allied themselves with colonized and exilic peoples throughout the world

**German Literature and the First World War: The Anti-War Tradition** Brian Murdoch, 2016-03-09 The period immediately following the end of the First World War witnessed an outpouring of artistic and literary creativity as those that had lived through the war years sought to communicate their experiences and opinions. In Germany this manifested itself broadly into two camps: one condemning the war outright, the other condemning the defeat. Of the former, Erich Maria Remarque's *All Quiet on the Western Front* remains the archetypal example of an anti-war novel and one that has become synonymous with the Great War. Yet the tremendous and enduring popularity of Remarque's work has to some extent eclipsed a plethora of other German anti-war writers such as Hans Chlumberg, Ernst Johannsen, and Adrienne Thomas. In order to provide a more rounded view of German anti-war literature, this volume offers a selection of essays published by Brian Murdoch over the past twenty years. Beginning with a newly written introduction providing the context for the volume and surveying recent developments in the subject, the essays that follow range broadly over the German anti-war literary tradition, telling us much about the shifting and contested nature of the war. The volume also touches upon subjects such as responsibility, victimhood, the problem of historical hiatus in the production and reception of novels, drama, poetry, film, and other literature written during the war in the Weimar Republic and in the Third Reich. The collection also underlines the potential dangers of using novels as historical sources, even when they look like diaries. One essay was previously unpublished; two have been augmented; and three are translated into English for the first time. Taken together, they offer a fascinating insight into the cultural memory and literary legacy of the First World War and German anti-war texts.

**Dual Allegiance** Moshe Gresser, 1994-01-01 Gresser presents an extended analysis of Freud's personal correspondence. Arranged in chronological order, the material conveys a vivid sense of Freud's personal and psychological development. Close reading of Freud's letters with frequent attention to the original German and its cultural context allows Gresser to weave a fascinating story of Freud's life and Jewish commitments as seen through the words of the master himself.

**A Bit of Blood** Arnold Zweig, 1959 **Laughter in the Trenches** Jakub Kazecki, 2012-04-25 *Laughter in the Trenches: Humour and Front Experience in German First World War Narratives* explores the appearances and functions of humour and laughter in selected novels and short stories based on autobiographical experiences written by authors during the war and in the Weimar Era, 1919-1933. This study focuses on popular and lesser-known works of German literature that played an important role in the socio-political life of the Weimar Republic: *Storm of Steel* by Ernst Jünger (1920), *Advance from Mons* (1914) by Walter Bloem, *The Case of Sergeant Grischa* by Arnold Zweig (1927), and *All Quiet on the Western Front* by Erich Maria Remarque (1929). The author shows that these works often share surprisingly similar narrative strategies in describing humorous experiences and soldier laughter to justify direct violence and oppressive power structures, regardless of the works' ideological assignment and their popular and critical reception. This book also examines the parodic imitations of *All Quiet on*

the Western Front the German text All Quiet on the Trojan Front by Emil Marius Requark 1930 and the American film So Quiet on the Canine Front by Zion Myers and Jules White 1931 as significant polemical contributions that use humoristic strategies to stress or undermine elements of the original text     The Facts on File Companion to the World Novel Michael Sollars, Arbolina Llamas Jennings, 2008     **The Imperialist Imagination** Sara Friedrichsmeyer, Sara Lennox, Susanne Zantop, 1998 The first anthology of essays to address colonial and postcolonial issues in German history culture and literature
