Handbook of Research on Applied Learning Theory and Design in Modern Education Railean, Elena, 2015-11-09. The field of education is in constant flux as new theories and practices emerge to engage students and improve the learning experience. Research advances help to make these improvements happen and are essential to the continued improvement of education. The Handbook of Research on Applied Learning Theory and Design in Modern Education provides international perspectives from education professors and researchers, cyberneticists, psychologists, and instructional designers on the processes and mechanisms of the global learning environment. Highlighting a compendium of trends, strategies, methodologies, technologies, and models of applied learning theory and design, this publication is well suited to meet the research and practical needs of academics, researchers, teachers, and graduate students as well as curriculum and instructional design professionals.

Teacher Education Alka Ahuja, 2004. Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II James Flood, Shirley Brice Heath, Diane Lapp, 2015-04-22. The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II brings together state of the art research and practice on the evolving view of literacy as encompassing not only reading, writing, speaking, and listening but also the multiple ways through which learners gain access to knowledge and skills. It forefronts as central to literacy education the visual, communicative, and performative arts and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young.
