Worshipers are no longer spectators but active participants in the ritual acts that once were the possession of the clergy. As the liturgy is modified, church buildings are altered. How does all such change affect the architectural style of church buildings? Vosko provides a foundation for building or renovating a place of worship and presents a thorough checklist for spaces, art, furnishings and appointments. He discusses many concerns and offers practical advice. He also presents issues that need further consideration in every project. **BOOK JACKET The Art of Scenic Design** Robert Mark
