*Drugs, Crime, and Their Relationships* Glenn D. Walters, 2014 *An Essential Text*. Unlike any other in the field, surveys administered to high school students, studies carried out on jail and prison inmates, and interviews conducted with substance abusers undergoing treatment all point to the same conclusion: drugs and crime are strongly connected. Why they are connected is less well understood, however. Written for middle to upper-level undergraduate courses on drugs and crime, or substance abuse and crime, this book examines the drug-crime connection in a systematic and comprehensive way. *Drugs, Crime, and Their Relationships* covers the entire drug-crime spectrum, starting with a review of drug and crime terminology, classification, and theory, and ending with policy implications for prevention, harm reduction, and macro-level management of the drug-crime problem. The opening chapters discuss drugs and crime separately for the

**Drug Smuggling and Taking in India and Burma** Roy K. Anderson, 2020-07-24 Excerpt At a time when the drug evil as it is called is attracting so much attention all over the world it does not seem out of place to tell the public something about how conditions in regard to it obtain in India and Burma As far

as I have been able to ascertain there is no literature on this subject outside blue books and those admirable compilations are notoriously dry reading A novel called Dope by Sax Rohmer professes to deal with the drug evil and the traffic in drugs in the West but it is a novel has a hero a heroine a forbidding type of detective and some degenerates and a few impossible Chinamen in it to give verisimilitude to the title and all that it implies I do not profess to write as an authority on the subjects I have taken up I realise that there are scores of others more experienced and infinitely better able to make a book on these subjects than I am but there seems to be little hope of their ever getting the better of their modesty and appearing in print I write iv of what I have seen for myself and ventilate opinions I have formed which I expect no one to subscribe to who differs from them My readers may rest assured however that what I relate is true I have not consciously exaggerated nor have I suppressed facts I write on a subject in which I am interested and if the attention that has at different times been given to my verbal accounts is an indication of something more than the polite toleration of the raconteur then there are others also who are interested and I need offer no apologies for my attempt to supply a deficiency in the bookshelves of those who want more information
