

Drug Couriers

**Darin D. Fredrickson, Raymond P.
Siljander**

Drug Couriers:

Drug Trafficking Nicole Horning, 2017-12-15 The drug trade is a lucrative business and drug traffickers find inventive ways to protect their investments Smugglers have a variety of means available to them to move large amounts of drugs between countries including underground tunnels secret pockets and even the postal service This means law enforcement officials must be clever and creative in their pursuit of these criminals Readers learn how police target drug traffickers and what they can do to pursue a similar career Informative sidebars fact boxes and full color photographs give a full picture of the work that law enforcement officials do to apprehend drug traffickers Against Prediction Bernard E.

Harcourt, 2008-09-15 From random security checks at airports to the use of risk assessment in sentencing actuarial methods are being used more than ever to determine whom law enforcement officials target and punish And with the exception of racial profiling on our highways and streets most people favor these methods because they believe they re a more cost effective way to fight crime In *Against Prediction* Bernard E Harcourt challenges this growing reliance on actuarial methods These prediction tools he demonstrates may in fact increase the overall amount of crime in society depending on the relative responsiveness of the profiled populations to heightened security They may also aggravate the difficulties that minorities already have obtaining work education and a better quality of life thus perpetuating the pattern of criminal behavior Ultimately Harcourt shows how the perceived success of actuarial methods has begun to distort our very conception of just punishment and to obscure alternate visions of social order In place of the actuarial he proposes instead a turn to randomization in punishment and policing The presumption Harcourt concludes should be against prediction *Practical Drug Enforcement* Michael D. Lyman, Vicky Manning, 2006-11-16 Criminal investigation is a dynamic endeavor impacted by changes in human nature statutory and constitutional laws and methods of operation New challenges are constantly posed for the investigator and the investigation of drug offenses is no exception It takes advanced skills to keep pace with the criminal mind Unfortunately the skills acquir

The Supply of Illicit Drugs to the United States Paul V. Daly, 1998-07 Prepared by the Nat Narcotics Intelligence Consumers Comm Presents a comprehensive assessment of the worldwide illicit drug situation The product of a cooperative effort by Fed agencies with drug related law enforcement foreign and domestic policy treatment intelligence and research responsibilities Covers cocaine esp in Bolivia Colombia and Peru opiates esp Mexico Asia and Russia cannabis incl Hashish in Pakistan and Afghanistan chemicals diversion and dangerous drugs stimulants hallucinogens clandestine labs drug money money laundering process and trends and distribution Charts

Street Drug Investigation Darin D. Fredrickson, Raymond P. Siljander, 2004 This book addresses the problem of illicit drugs and their far reaching and serious consequences that permeate all levels of American society Following an examination of the history of drugs and alcohol in the United States which concludes with perspectives on what can be done to reduce the demand for illicit drugs the text provides a review of illicit drug identification This includes all levels of narcotics stimulants

depressants hallucinogens steroids and cannabis as well as their description effects appearance methods of ingestion principle users sources and street names Additional major topics include drug enforcement techniques such as knock and talk investigations the intelligence process managing informants plainclothes undercover and uniformed drug investigations conspiracy investigations investigation of clandestine drug laboratories asset forfeiture sources of investigation search warrants and raid planning report writing and courtroom testimony and physical surveillance and surveillance photography This book will be a valuable resource to any law enforcement professional involved in undercover plainclothes or uniformed investigation and whether in a small or large police department **Drugs in Society** Michael D. Lyman, 2010-11-22 This work focuses on the many critical areas of America's drug problem providing a foundation for rational decision making within this complex and multidisciplinary field Broken into three sections Understanding the Problem Gangs and Drugs and Fighting Back topics covered include the business of drugs and the role of organized crime in the drug trade drug legalization and decriminalization legal and law enforcement strategies an analysis of the socialization process of drug use and abuse and a historical discussion of drug abuse that puts the contemporary drug problem into perspective Thoughtful analysis of the diverse perspectives on dealing with the impact of drug use and drug trafficking on American society A close look at the growing influence of Mexican cartels on the drug trafficking landscape and the impact of their activity in and around the U S border Text is supplemented with photos charts critical thinking tasks learning objectives key terms and discussion questions Appendices cover drug scheduling and federal trafficking penalties **Official Gazette** Philippines, 2010 **Global Organized Crime** Dina Siegel, H. Bunt, D. Zaitch, 2012-12-06 In the current processes of political economic and cultural changes serious cross border forms of organized crime receive unprecedented attention as spectacular global media events as threats of all sorts and as priority targets of criminal policy and political agendas Most books on global organized crime focus on one particular region topic or event and are written from one specific theoretical and disciplinary framework The renowned scholars who have contributed to this volume present up to date expertise on regions as distant and different as Russia Colombia the Netherlands Israel Peru and Britain They tackle phenomena such as international drug trafficking alien and women smuggling terrorism East European organized crime and financial crimes They show not only how these issues are interrelated but also the way in which they interact with social economic and political legitimate structures The contributors critically question the policies and strategies currently pursued They explore different theoretical arguments from the perspective of their own disciplines which include economics criminology political science and anthropology **FBI Law Enforcement Bulletin**, 1991 Profiles, Probabilities, and Stereotypes Frederick Schauer, 2009-07-01 When the law makes decisions about groups based on averages the public benefit can be enormous On the other hand profiling and stereotyping may lead to injustice As Schauer argues there is good profiling and bad profiling If we can effectively determine which is which we stand to gain not lose a measure of justice **The Politics of Controlling**

Organized Crime in Greater China Sonny Shiu-Hing Lo, 2015-12-14 In China the central government has the political will to control organized crime which is seen as a national security threat The crux of the problem is how to control local governments that have demonstrated lax enforcement without sufficient regulation from the provincial governments The development of prostitution underground gambling and narcotics production has become so serious that the central government has to rely on anti crime campaigns to combat these three evils This book explores the specific role of government institutions and agencies notably the police in controlling organised and cross border crime in Greater China Drawing heavily on original empirical data it compares the both the states of the People s Republic of China and Taiwan as well as city states Hong Kong and Macao This region has become increasingly economically integrated and human interactions have been enhanced through improved trade relations tourism and increased individual freedom The book argues that the regime capacity of crime control across Greater China has been expanded through regional and international police cooperation as well as anti crime campaigns It suggests that a strong central state in China is necessary to rein in the local states and to prevent the risk of deteriorating into a political criminal nexus Focusing on regime capacity in crime control regime autonomy from crime groups and regime legitimacy in the fight against organized crime this thought provoking book will be of great interest to students and scholars of Chinese politics and criminology more broadly

Guideline Sentencing, 1992 *Maritime Security* Michael McNicholas, 2016-03-19 *Maritime Security* An Introduction Second Edition provides practical experience based and proven knowledge and a how to guide on maritime security McNicholas explains in clear language how commercial seaports and vessels function what threats currently exist what security policies procedures systems and measures must be implemented to mitigate these threats and how to conduct ship and port security assessments and plans Whether the problem is weapons of mass destruction or cargo theft *Maritime Security* provides invaluable guidance for the professionals who protect our shipping and ports New chapters focus on whole government maritime security UN legal conventions and frameworks transnational crime and migration Updates throughout will provide the latest information in increasingly important field Provides an excellent introduction to issues facing this critical transportation channel Three all new chapters and updated throughout to reflect changes in maritime security Increased coverage of migration issues and transnational crime New contributors bring legal security and cybersecurity issues to the fore *POLICE TRAFFIC STOPS AND RACIAL PROFILING* James T. O'Reilly, 2002-01-01 This text examines the numbers the advocacy arguments and the practical realities of the racial profiling controversy By applying law logic electoral common sense and police community relations the author shows how the successful police manager will deal with the issues without enduring personal or career disaster for the attempt The first part of the text explains the racial profiling controversy in the context of traffic stops The political and policy issues are covered along with the constitutional standards Then the second part addresses the types of actions sought by those who assert a need for remedies against police

investigatory stops The third aspect of this text is an analysis of the mechanism by which challengers force elected officials into the defensive settlements seen in 1998 2001 Next the roles of elected officials police managers and police unions in dealing with this controversy is discussed Finally preventive steps are suggested that can practically be implemented to avoid this controversy from affecting successful police administration By taking apart the complex topic and showing its meaning significance and consequential events it is hoped that this book will help facilitate solutions where currently there is confusion and alarm

Organized Crime in Our Times Jay S. Albanese, 2010-09-29 Organized Crime in Our Times provides readers with a clear understanding of organized crime including its definition and causes how it is categorized under the law models to explain its persistence and the criminal justice response to organized crime including investigation prosecution defense and sentencing This book organizes information in a meaningful way offering a comprehensive history of the Mafia in the United States a legal analysis of the offenses that underlie organized crimes specific attention to modern manifestations of organized crime activity such as human smuggling Internet crimes and other transnational criminal operations and the application of ethics to the study of organized crime This edition includes new tables and figures and special features on popular biographies and movies that tie to relevant content in the text Appendices include a glossary and timeline on organized crime in the United States Chapters are enhanced by updated photos tables charts and critical thinking exercises that help students apply and evaluate concepts to actual case examples Every chapter includes two student friendly special features Organized Crime Biography and Organized Crime at the Movies A glossary gives students a quick reference for looking up important definitions of organized crime related terms and a Timeline of Organized Crime in the United States highlights important events in the history of organized crime

Cocaine and Marihuana Trafficking in Southeastern United States United States. Congress. House. Select Committee on Narcotics Abuse and Control, 1978 Global Drug Enforcement Gregory D. Lee, 2003-10-27 It s a national epidemic and an international conspiracy Drugs have infested our society with a vengeance making the drug enforcement agent a central figure in the war on drugs International training teams of the U S Drug Enforcement Administration DEA have traditionally taught the special skills required by all drug agents Until now there Criminal Evidence John L. Worrall, Craig Hemmens, Lisa S. Nored, 2017-01-11 Criminal Evidence An Introduction Third Edition provides comprehensive and applied coverage of the rules of evidence along with numerous case excerpts that clearly illustrate those rules Using engaging straightforward language authors John L Worrall Craig Hemmens and Lisa S Nored offer an invaluable and innovative resource for both students and instructors Concentrating on the Federal Rules of Evidence this distinctive text presents in depth yet accessible coverage of evidentiary law in fourteen succinct chapters To draw students into this complex subject the authors explain criminal evidence through a unique blend of text and case excerpts throughout these excerpts illuminate the rules in useful fascinating and often unusual examples
