

Drug and Alcohol Policy

Document Number 0012-8-191 | Rev 7.0 | 11/05/2016
Owner: General Manager Health, Safety and Environment

Overview

nbn is committed to providing safe and healthy workplaces.

nbn's policy has been designed for the mutual benefit of the **nbn** and its employees and seeks to comply with legislation of Federal and State Governments regarding alcohol, tobacco, drugs and safety generally. The policy has also been designed to support and work with any corresponding policy, and drug and alcohol procedures adopted by contractors to **nbn**.

The **nbn** policy and the supporting procedures operate as a minimum standard for **nbn** employees. Where **nbn** determines contractually that a contractor is operating within an area of high risk they are required to have their own Drug and Alcohol policy and procedures. The contractor must then comply with their policy at all times.

Purpose

nbn is committed to the well-being of its employees, and to enabling its employees to perform their work in a manner which is both productive, and does not jeopardise their own safety or the safety of others. **nbn** aims to foster an attitude among employees that it is unacceptable to come to work under the influence of alcohol or drugs.

As part of these efforts to achieve the highest standards of health and safety, **nbn** will maintain a drug and alcohol cut off level that sets out the requirements for determining whether an employee is under the influence of drugs and alcohol. In office environments employees are expected to have blood alcohol concentration (BAC) levels consistent with community expectations. For work in the field the BAC level is 0.0 g/100ml. For the avoidance of doubt, field work includes any work not in an office environment and also includes work in an office environment that involves construction, installation or building work.

Scope

This Drug and Alcohol policy and the supporting Procedures apply to all **nbn** employees and maximum term employees. It also applies to secondees from other companies, consultants or visitors.

This policy does not automatically apply to contractors, however **nbn** expects its contractors to observe behaviours consistent with this policy and **nbn** may apply drug and alcohol requirements to contractors from time to time depending on the circumstances, typically as a contractual requirement where construction, installation or building works are involved. Each person to whom the Policy applies must make themselves aware of these standards and the conduct required.
